TWELVE PAGES NO. 55.

LOCAL CONGRESSMAN DEEPLY INTERESTED IN COUNTY'S ROADS

"I have always been deeply interested in the question of good roads, and there is no improvement so necessary or that pays such handsome dividends in so many ways as modernly constructed hard-surfaced roads," wrote Hon. Luther Johnson, United States Congressman from this district, on the eve of his departure from Texas to join the Congressional party which will tour the Mississippi flood districts.

Mr. Johnson has always shown a fine-spirited interest in local development of his home county. He has been absent during the past week, filling speaking engagements in Milan, Robertson, and Leon counties. After speaking at Jewett Friday night, he left for Saint Louis to join the Congressional party in a tour of inspection of the flooded area between St. Louis and New Orleans which will require about a week or ten days. He is a member of the Flood Control Committee of Congress.

Regrets His Absence.

Mr. Johnson wrote expressing his deep regret that he was unable to be here to participate in the campaign for surfaced roads which is to be voted on by citizens in Consolidated Road District No. 1 on next Saturday, June 4.

"There is no county in Texas so badly in need of good roads as my home county of Navarro. We have one of the richest counties in the State and yet our roads are among the worst to be found."

"Last year one of my colleagues in Congress said he was going to visit Texas in his car with his family and expected to pass through Navarro county on his way to the

TWO BLACKSHIRTED FACISTS SLAIN IN NEW YORK STREETS

By Associated Press.
New York, May 30.—Two black-shirted followers of the Fascisti on their way to march in a memorial day parade were killed today by unknown assailants at 183rd street and Third avenue. The victims, Joseph Carisi, a tailor, and Nicholas Amoroso, a printer, were stabbed and shot.

Their assailants, witnesses told police, were red ties, significant of their allegiance to the Italian Nationalist party.

Gulf, and inquired about the condition of our roads; I regretted very much to inform him that he had better go another route. I wanted him to see our splendid county and yet feared he would find the roads so bad that instead of being favorably impressed he would form an adverse opinion of our citizenship. "We need only good roads to make old Navarro one of the best counties to be found anywhere and I sincerely hope that our people will avail themselves of the opportunity now presented and pass unanimously the bond issue on June 4th."

British Send Troops

To Northern China

Shanghai, May 30.—In view of the reported successful northward drive of the Chinese Nationalists in Honan province, the British military authorities have decided to send a battalion of British troops to Northern China. They will probably be stationed at Tientsin.

LAW OBSERVANCE STRESSED BY PRESIDENT IN MEMORIAL DAY ADDRESS AT ARLINGTON

By Associated Press:

Washington, May 30.—Law observance was declared necessary by President Coolidge today for the maintenance of America's institutions and for the continuance of its influence in world affairs. Results of the past are predicated, he said, upon a law abiding people. Honoring the war dead as has been his custom in a Memorial Day address at Arlington National Cemetery, the President warned that "we are always confronted with the inescapable conclusion that unless we observe the law we cannot be free."

"We have made our place in the world through the Union and the Constitution. We have flourished as a people because of our success in establishing self-government. "Unless we are an industrious, orderly nation we can neither minister to our own requirements or be an effective influence for good in the world."

Recalling secession movements in the North as well as in the South which were culminated by the Civil War, Mr. Coolidge took cognizance of "its heirs and successors in all the different brands of sectionalism with their special pleaders who are oftentimes extremely vocal." He condemned efforts seeking to advance one section at the expense of another as a "species of disloyalty to the spirit of the Union."

Nation Honors Dead.

On behalf of the nation the Executive bestowed "affectionate garlands of honor and acclaim" for those who gave their lives in its support but he called also for respect for its living protectors, giving assurance of general prospects of peace throughout the world he declared that an adequate defense always would be maintained "with our forces dedicated solely to the preservation of peace."

In world affairs the President asked for the substitution of reason and law in the place of force and compulsion, and added:

"It is because of our belief in these principles that we wish to see all the world relieved from strife and conflict and brought un-

der the humanizing influence of a reign of law. Our conduct will be dictated, not in accordance with the will of the strongest, but in accordance with the judgments of righteousness.

"It is in accordance with this policy that we have sought to discontinue the old practice of competition in armaments and cast our influence on the side of reasonable limitations. We wish to discard the element of force and compulsion in international agreements and conduct and rely on reason or law. We recognize that in the present state of the world this is not a vision which will be immediately realized, yet little by little, step by step, in every practical way, we should show our determination to press on toward this mark of our high calling.

"Our government has recently been attempting to proceed in accordance with these principles in its relations with China, Nicaragua, and Mexico, and in inviting Japan and Great Britain to participate in a three-power naval limitation conference.

Foreign Relations Stressed

"While the foreign relations of this country are becoming more and more important, and constitute a field to which it will be necessary for our government and our people to give much more attention than is now realized, yet it is our domestic affairs that must always assume the first rank. Nations which are torn by dissensions and discord, which are weak and inefficient at home, are of little standing or influence abroad. Even the blind do not choose the blind to lead them.

"Foreign peoples are certainly going to seek assistance only from those who have demonstrated their capacity to maintain their own affairs efficiently. If we desire to be an influence in order and law, tranquility and good will in the world, we must be determined to make sufficient sacrifices to live by these precepts at home. We can be a moral force in the world only to the extent that we establish morality in our own country."

THREE ADDITIONAL TOWNS EXPECTED TO BE INUNDATED BY FLOOD WATERS SOON

By Associated Press.

New Orleans, May 30.—Slowly spreading the area of inundation on the eastern side of the Atchafalaya river, water from the McCrea crevasse on that stream threatened three towns today as it rolled toward the Gulf of Mexico. Grosse Tete, Rosedale and Maringouin may be submerged by the swelling backwater of the Grosse Tete which was rapidly making the crevasse wider and promised to put it from its banks and overflow a wide territory.

Meanwhile the flood on the western side of the Atchafalaya was reported falling at all points down to New Iberia where the stage was stationary.

The Red Cross reported complete evacuation of New Iberia, whose inhabitants were thrown in to flight when waters from Bayou Teche joined those from Spanish Lake to inundate the town.

To meet possible emergencies as the flood descends through the vicinity of Grosse Tete in Iberville parish, about 110 miles northwest of New Orleans, a rescue fleet has been assembled at Plaquemine which will be the base for relief operations, with the supply center at Baton Rouge.

There are seven thousand persons in Grosse Tete and vicinity. They are depending upon an old levee, heavily reinforced, to save them from inundation. The levee, four and one half feet high, was built in 1882 and flanks the town for 22 miles.

More than half of the territory comprising the four parishes of Iberville, West Baton Rouge, Pointe Coupee and Assumption has been flooded by the crevasse water from the McCrea break.

Hundreds of persons, gathered on levees in the flooded sections, continued to be fed by relief boats, while other hundreds, loath to leave their homes, must be reached by supply vessels before their stock of food have been exhausted. Boats have been sent to Sherburne and Krotz Springs to take off between 100 and 150 persons stranded on levees.

GIN PARTY BRING DEATH, ILLNESS AND JAIL FOR ITS PARTICIPANTS AND OTHERS

By Associated Press.

Chicago, May 30.—A gin party that started in the room of a University of Chicago freshman, has ended for John Harper, 21, in the morgue; for Daniel Baldwin, 20, in a hospital; and for eight others in jail.

A pint and a half of drug store gin—poisoned or not, the police have not determined—was consumed by the two early Sunday. According to their companions, Harper became unconscious and was dead when a physician arrived. Baldwin, too, was unconscious, but was saved by prompt emergency treatment.

The eight are held in jail technically as government witnesses,

with the possibility of one or more manslaughter charges being made. Those arrested were the student in whose room the drinking was done, the owner of the drug store where the liquor was purchased; two youths who were present at the drinking party; two clerks employed by the druggist; and two barbers to whose shop liquor is said to have been taken from the drug store following Harper's death. Physicians after examination, express the opinion that Harper's death may not have been caused by poisoned liquor. Indications were, they said, that death was due to acute alcoholism—too much gin being drunk too fast by one unaccustomed to drinking.

FUNERAL SERVICES MONDAY AFTERNOON FOR HUGH WAREING

Funeral services for Hugh Wareing, aged 24 years, who died at the residence of his parents, Mr. and Mrs. E. T. Wareing, 1005 West Seventh avenue, Sunday morning at 3:30 o'clock following an illness of six months, were held at the First Presbyterian church Monday afternoon at 4:30 o'clock with interment in Oakwood cemetery. The funeral services were conducted by Rev. David Shepperson, pastor of the First Presbyterian church. Surviving are his parents, four brothers, John Wareing, West Texas; Arthur Wareing, Corsicana; Leslie Wareing, Corsicana; Edgar Charles Wareing, Corsicana; uncle and aunt, Mr. and Mrs. C. B. Sutherland, and other relatives.

Following were the active pallbearers: Preston Harrison, Cleo Miller, Jack Benson, Pole Edens, Layton Humphries, Ed M. Polk, Jr., Hal Jones and Dan Comfort.

CORSICANA NASH AGENCY IS SHOWING NEW MODEL AUTOS

The Corsicana Nash Company is the name of a new concern recently organized in Corsicana to take over the Nash Automobile agency in this city.

This agency will maintain headquarters at the Hammett Garage and Service Station, corner West Collin and South Thirteenth streets, where the late model Nash automobiles are now on display. In addition to the sales of this car, first class Nash service will be given at all times by a first class Nash mechanic.

The opening announcement of this company will be noted in this issue of the paper.

Waelder—Central Texas Power & Light Company takes over power plants at Waelder and Flatonia.

PRESIDENT SPOKE AT ARLINGTON FOR AMERICAN NATION

By Associated Press.
Washington, May 30.—President Coolidge journeys to Arlington today to speak for the Nation in memory of its exalted dead.

The annual pilgrimage to the National Cemetery where row upon row of small white crosses mutely testify to the price of freedom, is the keynote for exercises throughout the country which each memorial day cherishes its tribute to those who have died in its wars.

The President speaks in the amphitheatre and a radio hook-up will carry his voice throughout the country. Major General John L. Clem presides at the ceremony and in addition to Mr. Coolidge, former Senator Means of Colorado is on the program which begins at 1 o'clock.

In the foreground where the unknown soldier rests, the usual tributes will be placed, including this from the French war veterans and the French colony of San Francisco. On the other side of the Potomac, the war time commander in chief will review another year's honors when individuals and organizations bring their tributes to the National Cathedral at the tomb of Woodrow Wilson.

The steadily shrinking ranks of the G. A. R. of Washington, now barely a company strength, will parade up Pennsylvania Avenue to carry out their customary ceremony of visiting and decorating the graves of their comrades. Elsewhere, wherever a soldier or sailor is buried, some one will carry flowers and place a flag.

The day also occasioned a message from King Albert of Belgium, of America's soldiers who fell in defense of that little country during the World War and another to President Domergue of France, from President Coolidge, who saw in the reception accorded Captain Charles A. Lindbergh "proof that the unity of purpose forged upon field of battle by our forefathers and by the men of our times remains steadfast and strong."

Information in Regard to Good Roads Election Date of Election Saturday, June 4th

AMOUNT OF BOND ISSUE?

\$2,690,000. However, there is on hand to the credit of the interest and sinking fund of the Corsicana and Richland road districts, approximately the sum of \$190,000, which will be used immediately to retire that much of the new bonds, leaving outstanding only \$2,500,000.

ASSESSED VALUES IN THE DISTRICT AS SHOWN BY LAST YEAR'S TAX ROLLS?

About \$32,000,000.

ESTIMATED TAX RATE TO MEET THE NEW BONDS?

65 cts. on the \$100 of assessed property. If you render \$100.00 of property, it will cost you 65c per year; if \$500.00 of property, it will cost you \$3.25 per year; if \$1000 of property, it will cost you \$6.50 per year.

WILL THE TAX RATE OF 65 CTS. BE IN ADDITION TO THE PRESENT RATE OF 30 CTS. FOR ROAD BONDS IN THE DISTRICT?

It will not. The present outstanding bonds in the Corsicana and Richland districts will be taken up out of the new bond issue, and 65 cts. will be the total rate levied for road bonds.

WHO ARE THE QUALIFIED VOTERS?

Any resident of the district who has lived in the State one year, in the County six months, who has paid his poll tax and who has any property whatsoever, real or personal in the district, whether he has rendered it for taxation or not. It is not necessary for the wife to have property if the husband has.

CAN THE BOND MONEY BE USED FOR ANY OTHER PURPOSE?

Absolutely not! And not only must the money be used to build the roads set out in the peti-

tion for the election, but the money appropriated for each road must be spent on that road and no other.

CHARACTER OF ROADS TO BE BUILT?

Re-inforced concrete only.

MILES OF ROAD TO BE BUILT?

135 miles, approximately.

WHERE WILL THE ROADS GO?

To Angus, Richland, to County Line beyond Streetman, and to County Line beyond Currie; to the County Line beyond Emhouse; North to Saunders Stop on the Interurban; to Roane and to the District Line beyond Hester; to the District Line beyond Powell; to Navarro, Mildred, Eureka and on to Oliver Bridge Crossing on Chambers Creek; to the District Line beyond Corbett; to the District Line this side of Drake; to the District Line beyond Pinkston; 3 1-2 miles out on the Middle Bazette Road; to Ward's Bridge on Richland Creek; X-Roads 1 1-2 miles each way North and South out of Powell. And out of the premium and interest on the bonds and bond funds, which we estimate should be enough for the purpose, roads to be built from Navarro to Cheneyboro; from West end of 13th Avenue through the Oak Valley Neighborhood, and from the Pinkston road through the Black Hills Community.

WILL WE GET STATE AND FEDERAL AID ON THE CARDINAL HIGHWAYS?

Yes, they will match us DOLLAR for DOLLAR and perhaps more.

HOW DO I MARK MY BALLOT?

If you are for the good roads, scratch out "Against The Issuance of Bonds." Mark ballot with black pencil or ink.

H. R. Stroube.

ANNUAL GRADUATION EXERCISES OF HIGH SCHOOL DRAWS CROWD

The forty-fourth commencement exercises of the Corsicana High school were held Friday night in the auditorium of the high school. Eighty-two seniors receiving diplomas, five music diplomas were awarded, and three expression diplomas. Scholarships were awarded to Miss Elizabeth Love and Doyle West, who won the highest honors for the four years of work in the high school. Hon. W. H. Atwell, Federal Judge of the Northern District of Texas, of Dallas, delivered the class address.

While the high school orchestra played the procession, the members of the graduating class marched down the aisles of the auditorium and took places on the stage. Following the procession, Dr. F. P. Culver, pastor of the First Methodist Church, pronounced the address.

The Glee Club and chorus under the direction of Miss Frances Allen, sang "Stars Brightly Shining," by Bronte.

Miss Esther Mae Tarver, daughter of Mr. and Mrs. W. A. Tarver, and the student with the second highest average for the four years work, delivered the salutatory address, welcoming the parents, friends and faculty to the celebration of the lives of the class of 1927.

Following the salutatory address, the Glee Club and Chorus sang "Song of the Night," by Schubert-Moffett.

Valedictorian Speaks. The valedictory was delivered by Miss Elizabeth Love, who had the highest average in the class for the four years work. She spoke of the class having reached the threshold of life, through the thoughtful and interest of the citizens who had provided the school system that had prepared them for the work of life. She pointed out that with the preparation which they had received they faced life with confidence, and with only a shadow of doubt. She called to mind the regrets of the seniors at having reached the parting where friendships which had been formed in high school would cease.

She also regrets at having to leave the faculty whom they had come to admire and upon whom they depended for advice and guidance. She thanked the parents, school board and faculty for the school which they had built and asked for the continued interest in the departing class.

Miss Marion Orr, daughter of Mr. and Mrs. T. H. Orr, played a piano number, "Chrysanthemum."

Atwell Is Speaker. Judge Atwell announced that he would speak from a triple prologue. The first part of the prologue was brought out by illustration to be the fact that no one who can do the work of another. He described the Church of the Lighted Candle which is situated just outside of London, which has no antecedent lighting system, but there is at the altar a candle burning in the vestry of the church. When the worshippers come, they bring an unlighted candle which is lighted by the one in the vestry and is put in its proper place. When all are present, the house is lighted commensurately; and when members are absent, there is a corresponding darkness.

The second part of the prologue was the statement that "force or power is the display of force is always a challenge. The roar of the sea, the rushing waters of a river as they plunge over a precipice; the terrible twistings of a cyclone as it sweeps across the country; and the devastating power of such force as the mighty Mississippi which is ravaging a fertile section of the land, always brings a challenge to the human mind.

Human Mind Is Powerful. Judge Atwell continued in part: "Just as mind is the force of the human mind. When man hears the challenge of the sea, he builds a ship that will conquer it; he harnesses the rush of waters at the fall in the river and turns it into useful power. Man, through the force of his mind, conquers the challenge of natural force. The field of conquest must be the field of every student who deserves graduation.

"The mind feeds on sensations, and it must have those sensations to do its work. Those who are incapable of receiving these sensations cannot add to the progress of humanity and do the work which their allotted part. The artist who makes a thing of beauty with the aid of chisel and hammer from marble, is no more an artist than the one who makes a thing of beauty with the aid of the pen and ink, and the sensation to enter and become as a part of the work.

The third part of the prologue was brought out in the relating of a visit to Plymouth Rock, which marks the landing place of the first settlers. He pointed out that the rock had stood the test of centuries and stood as a memorial to the intrepid courage of our forefathers. It has been broken, but it has been repaired and held together with bands of steel and is now protected within an enclosure.

Duplicate in Plymouth Rock. Judge Atwell continued: "This Government finds its duplicate in Plymouth Rock. All of the ideals and ambitions of our illustrious ancestors are alive and virile in Corsicana tonight. And as Plymouth Rock has been repaired and pro-

AMERICAN FLYER GREETED BY GREAT CROWD AT CROYDON

By Associated Press. London, May 30.—This week of the English year is always known as Derby Week, but it has a new name in 1927—"Lindbergh and Derby Week." The arrival here of the intrepid Atlantic flyer brought to a fever pitch the admiration already bestowed on him and his achievement, and his doing here are destined to share with Wednesday's turf classic, the Derby, the interest of a vast public which admires sporting spirit, whether displayed on the turf or in the air.

Judging from the reception given to him at a 200-mile cross-country flight from Brussels at 8 o'clock last night, his four days in London promise to be even more strenuous than the seven days that followed his great flight from New York to Paris. A reception by King George and a trip to Epsom Downs to see the Derby in the company of no less a personage than the Prince of Wales are high lights in the program that has been arranged in his honor.

Record Breaking Crowd. Never before in English history has such a large and enthusiastic crowd assembled to greet an individual as was at the Croydon Air Field, where the visiting flyer completed his two and a half hour trip from the Belgian capital. The police estimated that more than 100,000 persons were gathered. They shouted, they cheered, they whistled, and when the Spirit of St. Louis touched earth, it was immediately surrounded.

"For God's sake look out for my machine," were the words of Lindbergh, before he hopped out of the plane. The excited hordes tried in vain to keep back the excited throngs, but they pressed even closer.

The plane did not escape damage, but British airmen, after examining it, told the visiting flyer that it would be very easy to make the slight repairs necessary.

Crowds Get Out of Hand. When the police finally got the hero into an automobile, the crowds

Adrian May, Alvin Miller, Marie Ramsey, Opal Snodgrass, Marjorie Taylor and Emma Weidman, Seniors; Elizabeth Love, Esther Mae Tarver, Ruth Jackson, Eleanor Thornell, Edith Williams, Mary Jo Young, and Alpine Harper, Juniors.

How Honors Awarded. Mr. Norwood announced that the honors in the senior class were: First, Edith Williams, member of the state scholastic Southern Methodist University, Baylor University, Texas Woman's College and other colleges. She was presented to Miss Elizabeth Love, who had the highest average among the girls. Similar scholarships were presented to Doyle West, who had the highest average among the boys.

W. P. McCann, president of the Board of Education of the city of Corsicana, then presented the diplomas to the graduates, prefacing his remarks with an expression of sympathy for Superintendent H. D. Fillers in his bereavement in the loss of his mother.

Class Roll. The following graduates received diplomas: Girls—Leslie Banks, Marie Boltz, Gladys Margaret Breswell, Hannah Brooks, Newell E. Brooks, Elara Buck, Maxie Byrne, Lillian Maude Charles, Naomi Davidson, Annie Bue Denton, Gellie Dill, C. Frances Drane, Eleanor Louise Fauber, Dorothy Flagg, Juanita Flowers, Marie Flowers, Sue Gibson, Pauline Gladney, Katharine Hall, Nalda Hamilton, Alpine Harper, Margaret Harvey, Esther Mae Highnote, Felicia Holloway, Harriette Helen Holmes, Mae Alice Jackson, Ruth Jackson, Thelma Lee Jackson, Katharine Jester, Mary Isabel Kidd, Ruth Alyce Leonard, Floy Loper, Elizabeth Love, Hattie Louise Martin, Annie Laura McCarver, Trenton McKeown, Toma Elizabeth Medford, Mary Perry Mixon, Merle Moore, Marian Virginia Orr, Sara Frances Robinson, Lillie Scarborough, Sarah Stander, Vera Mae Stone, Esther Mae Tarver, Eleanor Thornell, Kathleen Estelle Tidd, Mary Elizabeth Tuttle, Lucille White, Nellie B. Wilkinson, Edith Rachel Williams, Marguerite Wilson, Margaret Woods, Katherine York, Mary Jo Young.

Boys—Clifford Ellis Bell, John Blair, Robert Ned Brownlee, Hubert Ashley Dobbin, Richard A. Egan, James H. Finch, John S. Finch Jr., Paul Greenlee, Clyde Finley Halbert, Sydney Edwin Harper, William Clarence Hodges, Joe C. Jones, Lester King, Leonard Lewis, Hester McAfee, James Cass Noel, Dannie Taylor, Nicholson, Clyde M. Nott, William Manly Parrish, William J. Smith, Ivan Tucker, Clem A. Weaver Jr., Joe Kelton Wells, Doyle Lyndon Wood, Merle Williamson, Goodwin Wood, Tommie Younger.

Honor Students Named. Mr. Norwood then announced the honor students for the year. The highest average for the year was made by Edith Williams, member of the Senior class, with an average of 95.1-2. The highest averages for boys were made by Claude Albritton and Manuel Gotlieb with an average of 94 each.

The highest honors among those graduated from the Junior High School at mid-term were Renee Coulson 93, and James Ragan 92. In the Freshman class Edith Tidd was first with 92.9, and Emory Neill second with 92.3.

In the sophomore class, Elizabeth Harper was first with 94.2 and Claude Albritton and Manuel Gotlieb tied for second with 94 each.

Marjorie Taylor was first among the juniors with 94, and Marie Ramsey second with 93.9. In the senior class, Edith Williams was first with 95.1-2, and Elizabeth Love was second with 95.

The following students averaged 90 or above in their subjects for the entire year of 1926-27: Sub-Freshmen: Elizabeth Armstrong, Renee Coulson, James Ragan, Evelyn Spikes, Grace Taylor and David Yates.

Freshmen: Dean Allen, William Galloway, Frances Garvin, Landon Middleton, Elsie Miller, Lorraine Seagrains, Kay Nell Stroud, Eileen Tidd, Elaine Walton.

Sophomores: Claude Albritton, Edith Hamilton, Victoria Bottoms, Paul Brown, Palmer Chisham, Kerri Cowan, Thurman Evans, Milton Goodwin, Manuel Gotlieb, Elizabeth Harper, Wayne Johnson, Elizabeth Kerr, Louise Magnusson, Georgia Ruth Pollock, Mary Knox Pulkam, Mariana Sowell, Betty Lloyd Suttle, Betty Willie, Cy Wilson.

Juniors: Lewis Allen, Anita Fay Butler, Lee Carl, Ruth Dillon, Letitia Gallard, Hallie McClure,

FIRST BALE OF COTTON ARRIVES HOUSTON MARKET

By Associated Press. Houston, Texas, May 30.—Houston has received what is supposed to be the first bale of new crop cotton.

It came from Linn, near Edinburg, and was delivered on the floor of the Cotton Exchange Monday morning by William D. Cleveland & Sons, of Houston, to whom it was consigned.

Who the grower is and who ginned the bale was not disclosed during the morning. Accordingly there was no official acceptance of the bale on the part of the Cotton Exchange officials. Another bale is on its way to Houston to contend for honors as first bale. It is due tonight. It comes from Sebastian and was grown in Starr county.

pushed all the more in a struggle to get a glimpse of him. He was taken to the Civil Aviation offices where the door had to be locked and bolted. The crowds became so insistent that Commander Perrin, secretary of the Royal Aero Club, after getting a promise of good behavior from the people, conducted Lindbergh to the observation tower, where he was given an ovation with much waving of American and British flags.

Numerous persons were hurt, but none of them seriously. In the crush at Croydon, two men, four women and five children were treated at the Croydon hospital, mostly for minor injuries to the feet. Many others did not apply for hospital treatment.

A building just outside the air-drome, on which about 60 persons had climbed to gain a view of the landing, collapsed, but by a streak of luck no one was hurt. It was a hay barn and the spectators fell into new moon hay.

Greater Than at Le Bourget. When asked how the crowd at Croydon compared with the crowd at Le Bourget, where he landed after his long flight across the ocean, Captain Lindbergh replied: "Oh, it was much larger. I thought when I landed in France that the enthusiasm there couldn't be surpassed, but it was even greater here."

Lindbergh said that he would not go into the movies unless the films were in the interest of aviation. "Of course," he said, "to go into some reliable career as a pilot, I would like to see a movie or anything like that."

Captain Lindbergh came to Brussels fresh from a brief trip to visit his mother, Sunday morning the King and Queen of the Belgians returned the call he had made after landing from Paris Saturday. By doing this the monarchs departed from strict court rules. The royal visitors were received in the shed which housed the Spirit of St. Louis, and the King was an interested listener to all that Lindbergh had to say about the workings of the ship and the details of how the ocean flight was planned and carried out.

Later the youth was feted at a civic welcome at the Hotel de Ville. Amid the waving of American flags, Burgomaster Max, of war fame, made an address in English and then called: "Three cheers for Captain Lindbergh." They were given with an ardor not usually displayed by Belgians.

FELT VERY POORLY Weak and Run-Down Missouri Woman Got Strong and Well. Says Cardui Started Her On Road To Health.

Clarkburg, Mo.—Mrs. T. G. Harris of this place, says: "For two years I was in very poor health. Some of the time I was all most past going. I was very weak and run-down."

"I tried to make the most of what little strength I had by taking frequent rests, but I could find nothing which would start me on the road to health again, until one day I decided to try Cardui."

"I had heard about other women who had been benefited after taking it, so I made up my mind to see what it would do for me. I took Cardui for several months and was very much gratified with the results."

"I began to do my own work again, which had not been able to do for a long time past. My color, which had been pale and sallow, became natural, and my complexion cleared up. I gained in weight and was pleased to have an improved appetite."

"When I finished my last bottle of Cardui I was feeling better than I had in years. Now I am strong and well."

You Can Get It In Corsicana

HERRICK SEVERE IN DENUNCIATION WIDE PROPAGANDA WORK

By Associated Press. Paris, May 30.—American Ambassador Myron T. Herrick, speaking at the American Military Cemetery in Courmies today, declared that the ruling power of Soviet Russia were engaged in paid propaganda activities throughout the world and that the United States would not tolerate the spread of Bolshevism into its doors.

Declaring that modern scientific methods were being applied to the scourge of war, the Ambassador said that these modern scientific methods are now "somewhat hesitantly being applied to the scourge of Bolshevism."

"I believe," he continued, "that people in every country have got to choose between order and anarchy, between honesty and thievery, between every day virtue and crime. Either we believe in orderly society, or we don't; if we do we ought to use all the power within us to defend and advance it."

He declared that the leaders of the Soviet regime do not speak for the great mass of Russian people. Ambassador Herrick said that the Bolshevik system thus far seems to be the worst in general moral and material conditions than any preceding despotism.

"We have no thought of attacking the Soviet regime in Russia; what it does on its own 'reservation' is its own affair, but we do object, with all the earnestness of a self-respecting nation, and quite regardless of material considerations, to give to its leaders the means and opportunity of poisoning the world."

He said that the United States is not a government that is against tyranny and the fact that a government secretly sends against us the germs of a loathsome malady instead of openly despatching armies, does not make the invasion less felonious or alter our duty to repel it.

"The brave men who lie in these graves, by the sacrifice of their lives, have hoped to save their country from a conquering despotism, and for a better resolve that it shall not be rotted by a deliberately spread disease."

MEMORIAL SERVICES SUNDAY AFTERNOON FOR SOLDIER DEAD

ALLEGED MAN IN DRUNKEN FRENZY ATTACKS FAMILY

By Associated Press. Tampa, Fla., May 28.—A woman's scream, heard at day-break by a railroad track walker, has led to the arrest of two middle aged men and an account from one of them of a home invaded by a drunken man who menaced and had six members of a family with a heavy tool, four of them to death.

Herman Morrell, 43, a carpenter and three children, Ralph, 11; Mildred, 5, and Buddy, 3 are dead. Mrs. Morrell, 25, and a three months old baby were near death today from wounds inflicted with a railroad spike maul.

From E. H. Levine, a shabbily dressed man arrested last night, police said they had a story that fixed the crime on Leonard Thompson, Thompson also was arrested and taken to jail where he and Levine were held incommunicado.

Desire For Revenge. A desire for revenge was given as the motive police said, but whether the cause was fancied or real, police had not determined. Edward Merrell, the dead man's brother, said they had no money and no enemies that he knew of.

"Thompson and I were drinking together Thursday night," police said Levine related under protest. "He told me earlier in the day that Merrell had done him a dirty trick and he was gonna get him that night."

"We walked along the railroad track near the house and I lay down. Thompson went on. Next thing I knew I heard a noise from the house. I went in the back door. It was so dark I lit matches and walked around and looked at what Thompson done."

Accused Denies Guilt. Thompson admitted he had been with Levine Thursday night but denied emphatically that he was responsible for what the man saw. The mutilated bodies of six persons, lying in the positions in which they died, were shown to the jury.

Levine told the jury that Thompson, who was a drunk, had been with him several hours later that night. Thompson said he had been with Levine Thursday night but denied emphatically that he was responsible for what the man saw. The mutilated bodies of six persons, lying in the positions in which they died, were shown to the jury.

On being taken to the Merrell home, Levine told the jury that Thompson, who was a drunk, had been with him several hours later that night. Thompson said he had been with Levine Thursday night but denied emphatically that he was responsible for what the man saw. The mutilated bodies of six persons, lying in the positions in which they died, were shown to the jury.

A. Lynch, Louis Morris, N. W. Culbert, Leslie Foster, L. D. Alford, Frank Benson, Bud Steely, Dave Steely, J. P. Lumpkin, Robert A. Jones, Chas. Neff, Richard Greenlee, E. G. Hilliard, J. C. Mayne, Thomas C. Cooper, F. L. Garner, Vess Arp, Otto Lowry and one grave of one of the victims of the Hughes-McKie fire in the Corsicana oil field, whose name was not learned.

CLOUDBURST HIT DISTRICT AROUND ASHLAND SUNDAY

By Associated Press. Ashland, Ky., May 30.—Twenty persons were reported killed last night by a cloudburst which struck Prestonburg and surrounding towns, according to reports reaching here today.

All telephone lines around Prestonburg, Ashland, and other towns in the Big Sandy valley were down and information regarding the storm was meagre.

A report from a telephone operator at Prestonburg stated that no one at that place was killed by the storm, while one of the telegraph operators at Paintsville reported that several people were killed at Garrett, Ky., and one family was wiped out at Pine Creek.

The damage to property, it was reported, had run into the thousands of dollars as Wrightsville, Martin, Allen and Royaltown were reported to have suffered heavily. The storm struck about 10 o'clock last night and did not abate until 3 o'clock this morning. Buildings were blown down and several houses were washed away by flood waters which had swollen the small mountain streams to raging torrents.

Three members of Dr. T. B. Bailey's family were drowned last night when the waters swept through their home on the Mayo five miles from Paintsville.

Dr. Bailey's mother, his wife, Mrs. Maude Bailey, and son, Tom, were the victims. Dr. Bailey was the only one to escape.

Five Dead Result Storms Last Night

By Associated Press. Bristol, Va.-Tenn.—Five persons are known to have lost their lives in a wind and rainstorm in Southwest Virginia and Eastern Tennessee last night. Three were drowned at Gate City, Va., and two at Elizabethtown, Tenn.

Three Drowned in Johnson County, Ky.

By Associated Press. Paintsville, Ky., May 30.—Three persons were drowned and considerable property was damaged by a cloudburst in Johnson county today.

The dead are: Mrs. Agnes Bailey 80; mother of Dr. T. B. Bailey; Mrs. Maude Bailey, 40, wife of the doctor; Willard B. Bailey, 41, son. Bailey's home was washed into Toms creek on the Mayo Trail six miles from here.

Unconfirmed reports told of other deaths but so far as could be determined here, the Bailey deaths were the only ones known.

DRUNKEN FRENZY ATTACKS FAMILY

By Associated Press. Tampa, Fla., May 28.—A woman's scream, heard at day-break by a railroad track walker, has led to the arrest of two middle aged men and an account from one of them of a home invaded by a drunken man who menaced and had six members of a family with a heavy tool, four of them to death.

DARING AVIATORS TO HAVE VARIED PLUMS OFFERED FOR LONG DISTANCE AIR CRUISES

By Associated Press. San Francisco, May 27.—With prizes totaling more than \$100,000 offered for long distance flights over continent and ocean, adventurous aviators now may choose from at least five events of the kind during the next few months.

The prize offers and proposed flights are: \$25,000 offered by James Dole of Honolulu for a non-stop flight from the Pacific coast to Honolulu—\$25,000 for the first and \$10,000 for the second aviator to make the hop.

\$25,000 offered by William E. Easterwood, Dallas, Texas, capitalist, for the first to fly from Dallas to Hong Kong, 10,000 miles.

\$3,500 offered by the business men of Spokane, Wash., for a series of races between New York and Spokane. This race is sponsored by the National Aeronautic Association.

\$20,000 by Sid Grauman, Hollywood, for the first to fly from Los Angeles to Tokyo, 5,000 miles.

Preparations are under way in many quarters in the west to enter the races.

LOS ANGELES WILL TAKE STEPS TO PROTECT WATER SUPPLY THROUGH VALLEY

By Associated Press. Los Angeles, May 28.—Herman B. Cline, captain of police detectives, announced today he had sent six expert riflemen into Owens Valley with instructions to shoot and kill any suspicious persons found lurking about Los Angeles aqueduct which has been badly damaged by two dynamite explosions in the last 2 hours.

By Associated Press. Los Angeles, May 28.—A report that the Los Angeles Aqueduct had been dynamited for the second time in 24 hours and about 300 feet of piping destroyed reached the city Water and Power Bureau headquarters today. A repair crew was reported dispatched to the scene near "Big Pine."

By Associated Press. Los Angeles, May 28.—Los Angeles officials will take steps today to protect the city's principal water source against the fire of Owens Valley residents as the result of the dynamiting of the nine-foot steel siphon across No-Mane Canyon, 175 miles from here, yesterday.

The big conduit was blasted along a 425 foot section after ten armed men overpowered two guards in the vicinity, removed them to a distant point and disappeared as the explosion cut off the principal water supply source of the city.

The Los Angeles Water and Power Commission, according to the valley land owners of the dynamite, has asked the city council to permit the offering of a \$10,000 reward for the capture of the dynamiters.

Sheriff Tom Hutchinson of Inyo county assured the city officials that his six deputies would make every effort to identify the men who removed the guards.

The Owens Valley group, according to Los Angeles city water officials, for several months has hinted that violence would result if the city failed to buy property in Owens Valley at a cost valuably estimated at from \$5,000,000 to \$20,000,000. The water involved represents by far the greater part of the Los Angeles city supply.

Little danger of a city water shortage is anticipated despite the estimate that it will take two weeks to repair the break in the siphon. In reservoirs between that point and Los Angeles, a supply sufficient to last the city for 100 days is stored.

DIVER BATTLES OCTOPUS ON BOTTOM OF SEA FOR BODY OF MAN DROWNED FROM VESSEL

By Associated Press. Port Townsend, Wash., May 28.—A huge octopus, bearing in its tentacles the body of one of the five men who went down on the tug Warren early Tuesday, yesterday gave up his human prize after an hour's battle 50 feet under water with A. E. Hood, a diver. Hood related his story, his night night upon arriving with the body.

The diver was under water repairing a fish net, he said, when he sighted the devil fish making his way along the bottom of the sound with the body in his tentacles.

Minutes were on as the diver thrust and lunged at the sea monster, which gave savage battle but grimly held to the body. Time after time the devil fish warded off the spear with the power of his flinging arms.

The water was becoming cloudy. Centering his thrusts on the middle section of the spider-like demon, Hood literally cut his adversary's tentacles to ribbons before the death struggle was ended.

The octopus sank back, apparently mortally wounded and lay on the muddy bottom of the Sound while Hood pried loose the tentacles from around the body.

In Port Townsend the body was tentatively identified as that of H. Healey, cook on the ill-fated tug.

None of the bodies of the other four men aboard the tug had been recovered. The craft dropped out of sight early Tuesday morning when it enroute from Seattle to Victoria.

To Compete Dallas Hong Kong Race

By Associated Press. Dallas, Texas, May 27.—Captain William Erwin, war ace and commercial flyer, Friday made application to compete for the \$25,000 prize offered yesterday by William E. Easterwood, Dallas chow-chow, gum magnate, for a 10,000 mile two-stop flight from Dallas to Hong Kong, China.

Erwin's check for the \$50 entry fee as an evidence of good faith was received today by Easterwood with announcement he would complete his preparations at once. He was to get the backing of professional flying interests and plans to use a specially built twin-motored plane equipped with radio and necessary navigating instruments.

By Associated Press. Los Angeles, May 28.—Herman B. Cline, captain of police detectives, announced today he had sent six expert riflemen into Owens Valley with instructions to shoot and kill any suspicious persons found lurking about Los Angeles aqueduct which has been badly damaged by two dynamite explosions in the last 2 hours.

STATE HOME HIGH SCHOOL SERVICES WERE HELD SUNDAY

BACCALAUREATE SERMON
DELIVERED BY THE REV.
DAVID SHEPPERSON

Baccalaureate services for the
graduating class of the State
Home were held Sunday morning
at 11 o'clock with Rev. David
Shepperson, pastor of the First
Presbyterian church, delivering the
sermon.

There are 17 members of the
class and they occupied a re-
served section of seats at the front
of the auditorium where the ser-
vices were held. Class colors were
used in decorating the stage as
well as marking of the reserved
section.

Following is the list of gradu-
ates: Hazel Baker, Ila Berry, Clar-
ence Bly, Earl Cade, Anna Cline,
Kitty Hestlow, Dan
Heath, Edward Heath, Geneva Jordan,
Lottie Moore, Nettie Mullins,
Hallie Nash, Nettie Oberline, Nell
Richmond, Katherine Steinroth,
Louise Smith and Bertha Lee
Welch. Rena Ginther is valedic-
torian and Nettie Mullins is salu-
tatorian.

An interesting program had been
arranged for the occasion.

The class marched into the au-
ditorium as the procession, "On-
ward Christian Soldiers" was
played.

The audience sang one number
following the invocation which
was given by Rev. David Shep-
persson. Other features of the
program were a number by the
girl's glee club and a vocal solo by
Roy Leeds.

E. L. Fletcher, principal of the
school and master of ceremonies,
gave the benediction.

Rev. Mr. Shepperson read for the
scripture lesson a portion of the
second chapter of Proverbs and
used as his subject "Growing Into
An Ideal."

He congratulated the graduates
on having attained one of the most
important goals in their life, grad-
uation from high school, and de-
clared that they deserved credit
for their accomplishment. The
minister then commended the work
of the teachers and officials of the
State Home were doing in helping
boys and girls.

"As you complete this course
you will doubtless inquire where
is that thing the world calls suc-
cess," the minister stated, as he
opened his discussion of the sub-
ject. "I tell you exactly how you can
tell you that you are on the right road.
There are certain laws of travel
that we cannot ignore and there
are certain laws in the travels of
life that we can not ignore, the
minister declared as he admonished
the graduates to look to higher
things than mere worldly accom-
plishments.

The Rev. Mr. Shepperson told
the class that we were living in a
great age, an age in which all the
accomplishments of the past were
placed on the altars of our ambi-
tions and he added that the world
is growing. "Everything in this
world," he said, "was maturing to
maturity. Into what are we grow-
ing is a question of tremendous
importance the speaker said as he
urged the class to have an ideal
and to make things come to pass.
At this juncture the minister
compared an ideal to a blue print
and stated that not only was it
necessary to have a goal but good
material must be used. He then
spoke of using such materials as
truth and honesty in building
character.

After the plans are made you
must work, the Rev. Mr. Shep-
persson told the class and added that
two-thirds of promotion was mo-
tion.

Teamwork was also discussed
by the minister who declared that
many people wanted to rule or
ruin. He urged the graduates to
co-operate with others as they
went down the journey of life.

Saturday night the class play
"Come out of the Kitchen" was
presented. This play came up to
the usual high standard of plays
presented at the institution and
each member of the cast handled
his or her part exceptionally well.
The play was directed by Prof.
Slayton Phelps, principal of the
grammar school at the Home. Mr.
Phelps was transferred to the
grammar school from the high
school. He was transferred, it
was stated at the Home, in order
that he might get the school
working more smoothly.

Prof. Phelps is sponsor for the
Senior class and the annual "The
Cedar Tree" was dedicated to him
this year.

Monday night a musical program
will be given under the direction
of Miss Hallie K. Sadler, music
director of the Home. The pro-
gram appeared in Saturday's
Daily Sun.

The Junior-Senior banquet will
be held Tuesday night.

June 1 has been set apart as
Junior Day.

Grammar school exercises will
be held Thursday morning, June
2, at 10 o'clock.

Commencement exercises for
the graduating class will be held
Thursday night, June 2.

The public is invited to these
programs.

WEATHER FAVORABLE FOR CROPS DURING WEEK ENDING MAY 21

Special to the Sun.
Tyler, Texas, May 30.—Report of
the agricultural conditions along
the St. Louis Southwestern Rail-
way Lines for the week ending May
21.

Generally speaking, the past
week has been favorable for agri-
cultural work and the farmers
have made good progress preparing
and planting crops. Light to mod-
erate rains fell during the week.
This rain was needed in the upland
districts.

In Southeast Missouri much of
the land is too heavy to work to
advantage. However, both corn and
cotton are being planted just as
rapidly as possible, and much of
it, especially on the higher ground,
is up to a good stand. The wheat
and oat crops in this territory are
about 75 per cent normal. Crop
conditions in the vicinities of Ill-
mo, Dexter and East Prairie, Mo.,
are poorer than they are at any
other point in our territory, but
with favorable weather a good crop
of corn and feedstuffs will be
made.

Conditions are becoming normal
in Northeast and Central Arkansas.
The farmers are working hard to
get their crops planted just as
soon as conditions will permit.
Many fields of excellent stands of
both corn and cotton are to be seen
throughout this section. The first
cutting of alfalfa is being made
now and the yield is satisfactory.
With favorable weather rapid pro-
gress will be made.

The farmers throughout the rice
belt have made good progress seed-
ing and the acreage in the vicinity
of Stuttgart will almost equal that
of last year. The oat crop in this
section looks good. It is heading out
with prospects for a heavy yield.

Both corn and cotton are being
planted just as rapidly as possible
in the Red River Valley in South-
west Arkansas and Northwest
Louisiana. The seed is germinating
rapidly and is up to a good stand
within five or six days after plant-
ing. The first cutting of alfalfa has
been made and the yield is good.

Farmers have made good progress
in our Texas territory the past
week. The planting of cotton is
practically completed and in most
cases is up to a good stand. Some
of it has been plowed and chopped
out. Corn has come out remarkably
well the past week and most of it
is well worked. In some places it
is almost waist high.

The first cartload of tomatoes
moved on May 18 from Clawson,
Texas. This is the earliest car lot
movement from our East Texas ter-
ritory on record for many years.
The movement is expected to be
well under way by June 1. Some
few express shipments of peaches
have gone forward and the harvest-
ing of blackberries has begun.

Cotton and corn both look ex-
ceptionally well throughout our ter-
ritory west of Corsicana and Sulphur
Springs, Texas. Corn has a rich
dark green color and is growing
rapidly. Harvesting oats will be in
full way this week. The conditions
west of Waco are exceptionally
good and farmers are much en-
couraged. The moisture supply is
sufficient for the present.

There has been practically no
damage reported the past week
anywhere in our territory from
diseases or insects. Hot, dry weath-
er is now needed.

MANY FARMERS IN ATTENDANCE UPON ANNUAL FIELD DAY

MUCH INTEREST MANIFESTED
IN DISPLAY SMALL GRAINS,
FREE BARBECUE

More than two thousand farmers
representing twelve or fifteen coun-
ties of Texas attended the annual
Field Day and free barbecue held
at the Denton Experiment Station
Friday according to Henry Gentry,
Navarro County Farm Agent, who
returned from the meet Friday
night. Mr. Gentry was the only
representative from Navarro coun-
ty.

A number of the farm agents over
the state, with several railroad ag-
ricultural agents met in Denton
Thursday and made a tour of in-
spection at the field station, pre-
paratory to handling the crowds
of Friday. On the field day, the vis-
itors were divided into groups of
about forty each and made a tour
of the station under the direction
of one of the farm agents.

Considerable interest was mani-
fested in the display of small grains.
About 1800 American and Euro-
pean varieties of small grains were
on display. These plants are first
planted in the nurse-plots, then
transferred to the field plots, and
later to demonstration plots. Most
of the grains at the station were
ready to be cut. All of the various
methods of farming were demon-
strated at the field station.

In the afternoon a round-table
discussion of farm methods and
problems was held, under the lead-
ership of C. H. Alvord, director of
the Extension service A. & M.
College.

Mr. Gentry reported that farmers
around Denton were in need of
rain, and that crops would be hurt
unless there was some relief soon.

POWELL

Special to the Sun.
Powell, Texas, May 30.—Tuesday
evening, May 24, maker the close of
another successful school term at
Powell, with appropriate exercises
for both grammar and high school
graduates. Rev. David Shepperson
of Corsicana made the address of
the evening and Miss Ruby Wright
was the valedictorian of the class.

On Wednesday night, May 18, the
first to sixth grades inclusive, gave
an entertaining program. The fol-
lowing Friday night was chosen as
class night with several several se-
lections of Joel Trimble's Junior
Band a feature of the evening.

The baccalaureate sermon was de-
livered Sunday, May 22, at 8 p. m.
by Rev. Mr. Bass of Kerens.

Mrs. H. R. Emerson and daughter
Harriet are visiting in Dallas a
few days.

Mr. and Mrs. Joe D. Stephenson
are moving to Gatesville where they
will make their home.

Misses Lillian Cole Jackson and
Virgie Mae Ware were Corsicana
visitors Wednesday.

Mrs. Roy Butler motored to Ker-
ens Tuesday.

Benji Boltzgar has returned
from Dallas where he has been on
business.

Mr. and Mrs. Tom Towns spent
the week end at Athens Fish and
Game Club.

Mr. and Mrs. Loyd Wilson and
children of Ferris were here Sun-
day.

Miss Dreka Rowe of Kerens was
a visitor here recently.

Miss Helen Killingsworth was a
Corsicana visitor Wednesday.

Mrs. Bert Miller and children
spent last week here. They were
the guests of Mrs. Wheeler Miller.

David Strange is very sick.

J. O. Burke of Corsicana was
here Tuesday afternoon.

Mr. and Mrs. Fitz Kenner were
in Corsicana Monday night.

Stop That Itching

Use Blue Star Soap to clean the af-
fected parts, then apply Blue Star Remedy.
It penetrates the skin, kills the germs,
stops the itching at once, and restores most
cases to a healthy condition. Eczema, Itch-
ing or Cracked Hands, Poison Oak, Ring-
worm, Sore Blistered Feet, Sunburns, Old
Shin Sores—all of these have yielded to
its wonderful healing power. 60c and \$1.00
a Jar. Soap 25c.

**Goes to Market to
Purchase Shoe Stock**

Jack D. Weaver, local shoe man,
left Monday for St. Louis, New
York and other markets to pur-
chase a modern stock of up-to-
the-minute shoes. He will return
in about three weeks and will open
up an up-to-date shoe store of
which he will be the sole pro-
prietor, he stated. Mr. Weaver is
an experienced shoe man and will
no doubt receive the patronage
which is his due from his many
Corsicana friends as well as of the
surrounding territory.

MEXIA AND POWELL PURE OIL TEAMS BATTLED TO 1-0 SCORE IN SUNDAY AFTERNOON GAME

Sunday afternoon at Municipal Park before one of the most partisan and cheering crowds of the current season, the Powell Pure Oil club eked out a 1-0 victory over the Mexia Pure Oil club in what for the most part was a spectacular pitcher's battle between Lefty Stancil of Powell and Richter of Mexia with the advantage going to Stancil who fanned six batters and never was in serious danger with the exception of the eighth inning when a fast and pretty double play brought him out of danger. Richter was in trouble on a number of occasions but was air tight in the pinches.

Stancil hit a two-bagger as did Scholtz of Mexia and Poppleo of Powell.

Fred Tyner led the hitters with a couple of singles. He scored the only tally of the game in the third.

COUNTY NEWS

KERENS.

Special to the Sun.
Kerens, May 20.—C. S. Matlock and son, Earl have returned to their home in Donna after a few days visit with their son and brother, Fred Matlock.

Dr. Horace Jester and wife, Dr. J. A. Leggett and wife and little daughter, Peggy and Miss LaRue Thompson of Dallas spent the week end with Mrs. Leggett's sister, Mrs. L. E. Lamb. They were accompanied home by Miss Myra Jean Lamb, who will spend a few days in Dallas with them. Miss Lamb will be joined on her visit by her mother, who left for that city Thursday.

C. C. Watkins went to Kemp Tuesday to spend a few days with relatives. He will be accompanied home by his two children who have been in Kemp for several weeks. Mr. and Mrs. Bob Ford and children of Willis Point were here Sunday spending the day with their parents and other relatives.

Rev. Joe Everheart and J. J. Hendricks were in Corsicana Wednesday on business.

Ebbon Price returned to Waco after spending the week end with his parents, Mr. and Mrs. W. S. Price.

W. S. Price went to Comanche county Sunday where he will look after his farming interests for a few days.

Dr. T. W. Watson of Corsicana was here Sunday visiting his daughter, Mrs. R. S. Daniel.

Chas. Reese of Baylor University, Waco, was here Sunday visiting his parents, Mr. and Mrs. J. B. Reese.

Mr. and Mrs. Ralph Kilgore of Waco accompanied by Miss Lorraine Bain, who is attending Baylor University at that place, spent the week end in Kerens with relatives.

Mrs. George Ross and little son of Bryan are here visiting their mother, Mrs. Lillie Lindsey.

Will Miller returned to Eldorado, Oklahoma Thursday accompanied by his mother-in-law, Mrs. Mollie Carroll and son, Ralph who will make their home with Mr. Miller and wife.

Mrs. B. S. Brown is undergoing treatment in the Navarro County Hospital this week. Reports from Corsicana say that she is resting easily.

Miss Tiny Cherry has returned to Kerens from Navarro, her school having closed last week.

Mrs. T. J. Thornton and daughter Ruby attended the high school play in Boyce last Friday evening. The play was written by the latter, who taught school in Barry, and her sister, Miss Opal Thornton, teacher in the Boyce school was the official director.

Miss Velma Cartledge went to Denton Tuesday to spend a few days with her aunt, Mrs. Geo. Stinson.

Mrs. Addie Mays returned from Athens Monday where she had been with her daughter, Mrs. R. Sigler for several months. Mrs. Mays was quite ill while in Athens, but is well on the road to recovery at this writing.

Mr. and Mrs. J. W. Hudson of Palestine spent Sunday with Mr. and Mrs. J. W. Inmon. They were accompanied home by their grand-mother, Mrs. Mary Reed, who will spend several weeks with them at their home.

Mrs. Frank Shalkowitz and children and little Miss Anna Bess Wolfe went to Mineral Wells Sunday to visit their mother and grand-mother, Mrs. J. B. Meyers. They were accompanied as far as Dallas by Mrs. Frances Wolfe and Messrs. Frank Shalkowitz and Luther Peters.

Mrs. W. H. Finley and daughter Grace motored to Corsicana Tuesday.

Mrs. E. V. Ivey and children visited relatives in Corsicana Sunday afternoon.

Mrs. Anna Owen has just purchased one of the latest models in Buick motors. The car is a coupe of the latest design, and the owner of this new machine is proud of her purchase.

Whit Scarborough and Miss Lucille Anderson motored to Corsicana Sunday afternoon.

Miss Jimmie Retz Immon is in San Angelo this week visiting her sister, Mrs. W. A. Wagner. Her school in Goldthwaite closed Friday and she will return to Kerens after a several days visit in the above mentioned city.

Fliss McCluney and Clyde McCord spent Sunday afternoon in Dallas.

Mr. and Mrs. C. C. Turner and children of Dawson came in Wednesday to spend a few days with the latter's mother, Mrs. W. A. McCluney.

Postmaster W. A. Conner and Doyle Barber of Dawson were here Wednesday on a fishing trip. They were accompanied on their outing by C. C. Turner.

Mrs. J. C. Hall is expecting her mother, Mrs. J. M. Lankford of Oklahoma City, and her sister, Mrs. Price Starks of Okmulgee, Okla. Sunday. The latter is remembered by her many Kerens friends as Miss Carrie Lankford.

Mrs. A. B. Kaylor of Athens, who has been here visiting her aunt, Mrs. R. H. Logan returned to her home Wednesday in company with her husband, who came over for her. Mrs. Kaylor is remembered by her many Kerens friends as Miss Paralee Warren.

Mrs. John R. Hays and two children of Cameron are here visiting their parents, Mr. and Mrs. J. W. Speed. Mrs. Cameron was in the Navarro County Hospital at Corsicana two weeks as a result of a major surgical operation. However, she is reported as being much improved in health now.

Mrs. M. L. Speed who was dismissed from the Navarro County Hospital the first part of last week after having undergone a minor operation, is reported as improving rapidly.

RICHLAND CITIZENS GREATLY CONCERNED OVER GOOD ROADS

DR. STEVENS AND NEAL BROWN STATE PROGRAM WORTHY SUPPORT OF ALL

Deep interest in the forthcoming good roads election which will be held Saturday was expressed by Dr. J. C. Stevens and Neal Brown, well known druggists of the county, who were Richland visitors here Monday.

"Most of us have come to realize that modern highways are necessary to the growth and development of communities and farm sections and because our own county has lagged so far behind other Texas counties we realize something ought to be done at once," said the visitors.

"The program to be voted on next Saturday, which plans some 135 miles of paved roads in the consolidated road district, in our opinion is worthy of the support of every citizen who wants to see our section make progress in the direction of a complete road program for the county. With possibilities of getting a large amount and State funds, it looks like a good opportunity for our citizens."

"This road program will really place Richland on the map as far as highways go since Federal Highway No. 75, which is planned from Canada to the Gulf and which will be paved through the county if the election carries, comes through our community, as will also the X-All Highway which goes on southward through to Mexia," agreed both of these Richland citizens.

"The increase in taxes necessary to raise this money to match Federal and State aid will not bear very heavily on the individual taxpayer and we believe that the small taxpayer will probably save in gasoline, tires and up-keep more than the nominal tax which he will have to pay, aside from the great gain that will come from this system of first class highways."

The only way to get a permanent road system is to vote for them. The opportunity to help yourself and your county will be given next Saturday, June 4.

I. D. McAfee says, that rich or poor, you will be satisfied with a diamond or watch bought at Fred Mitchell's, 214 South Boston.

The best investment we can make is to vote for good roads next Saturday, June 4th.

Clements were in Corsicana Tuesday on business.

Mrs. W. R. Albritton, D. B. Currie, W. Smith, Mary Kimes, Lilla Coates Massey, R. H. Daniel, daughter, Erin, and Messrs. Martin Speed, J. C. Harwell, Sam Kyser and J. C. Cherry, Mr. and Mrs. C. I. Coates and many other Kerens people attended the funeral of Dr. W. S. Blair at Euclidean Monday afternoon.

Mrs. E. V. Ivey and children visited relatives in Corsicana Sunday afternoon.

Mrs. Anna Owen has just purchased one of the latest models in Buick motors. The car is a coupe of the latest design, and the owner of this new machine is proud of her purchase.

Whit Scarborough and Miss Lucille Anderson motored to Corsicana Sunday afternoon.

Miss Jimmie Retz Immon is in San Angelo this week visiting her sister, Mrs. W. A. Wagner. Her school in Goldthwaite closed Friday and she will return to Kerens after a several days visit in the above mentioned city.

Fliss McCluney and Clyde McCord spent Sunday afternoon in Dallas.

Mr. and Mrs. C. C. Turner and children of Dawson came in Wednesday to spend a few days with the latter's mother, Mrs. W. A. McCluney.

Postmaster W. A. Conner and Doyle Barber of Dawson were here Wednesday on a fishing trip. They were accompanied on their outing by C. C. Turner.

Mrs. J. C. Hall is expecting her mother, Mrs. J. M. Lankford of Oklahoma City, and her sister, Mrs. Price Starks of Okmulgee, Okla. Sunday. The latter is remembered by her many Kerens friends as Miss Carrie Lankford.

Mrs. A. B. Kaylor of Athens, who has been here visiting her aunt, Mrs. R. H. Logan returned to her home Wednesday in company with her husband, who came over for her. Mrs. Kaylor is remembered by her many Kerens friends as Miss Paralee Warren.

Mrs. John R. Hays and two children of Cameron are here visiting their parents, Mr. and Mrs. J. W. Speed. Mrs. Cameron was in the Navarro County Hospital at Corsicana two weeks as a result of a major surgical operation. However, she is reported as being much improved in health now.

Mrs. M. L. Speed who was dismissed from the Navarro County Hospital the first part of last week after having undergone a minor operation, is reported as improving rapidly.

SOUDERS WINNER SPEEDWAY CLASSIC INDIANAPOLIS TODAY

By Associated Press.
Indianapolis, Ind., May 30.—George Souders of La Fayette, Ind., driving in his first major event, won the 500 mile automobile race over the Indianapolis motor speedway today. He sent his car bouncing around the two and a half miles brick course two hundred times covering the distance in 5:07.33, an average of 97.54 miles an hour.

Speedway, Indianapolis, Ind., May 30.—After leading for 297 miles at death defying speed, Frank Lockhart daredevil driver from Los Angeles, was declared out of the 500 mile automobile race today when he lost a right rear wheel while tearing around the course on his 25th lap.

By marvelous driving skill Lockhart brought his car to a stop without injury. He was the winner of the 1926 race and the favorite today.

With Lockhart out of it, Peter Depaolo, winner of the 1925 race, who had replaced Bob McDonough, swept into the lead.

The time at the 300 miles was 3:01.15, an average of 99.4 miles an hour. Up to the time he won the wheel Lockhart had won \$10,000 in prize money.

Dutch Bauman won \$1,000 in lap prizes before he was forced out because of motor trouble after going 227 miles.

Depaolo was still leading in McDonough's car at 350 miles. His time was 4:31.52, an average of 99.1 miles an hour. George Souders was second, less than half a mile behind the leader.

George Souders, of La Fayette, Ind., a former Purdue University student, was leading at 400 miles with Benny Shost second and Depaolo third. The time was 4:30.01, an average of 99.57 miles an hour.

Souders took the lead at the 377 miles when Depaolo, driving McDonough's car, pulled into the pits for a brief stop.

Souders held a lead of about ten miles at the 450 mile mark with "Babe" Stapp, driving and Earl DeWade, second, and Earl DeWade, third. The time was 4:36.01, an average of 97.81 miles an hour. Lockhart was offered a relief driver for Souders, but the former Purdue student declined his aid.

By Associated Press.
Speedway, Indianapolis, Ind., May 31.—Frank Lockhart, 23-year-old youth from Los Angeles, was setting a death-defying pace to retain the leadership in the 500-mile automobile race today when the 250 miles mark was reached.

Lockhart, winner of the 1926 race, was out in front at this point, after having lost the lead momentarily when he stopped a minute to change tires and get gas and water. His time was 2:27.21, an average of 101.79 miles an hour.

Bob McDonough also of Los Angeles, was second, with Peter Preis, a Southern star, third.

The punishing grind was replete with death defiance thrills, smash-ups and miraculous escapes from death.

It was being witnessed by 145,000 to 160,000, the greatest throng in the history of the event and the largest that ever saw a sports affair in America.

With the event half finished, three drivers were in the hospital as the result of smash-ups. H. Kohler, a garage owner of St. Charles, Ill., driving as a relief, was seriously, if not fatally, injured. Jules Ellingboe of Memphis was suffering from a smash-up chest, and Norman Batten of Brooklyn was seriously burned as the result of heroically fighting flames that engulfed his speeding car.

The half way mark saw the disappearance of thirteen of the original 38 starters.

Record Breaking Crowd Sees Event

By Associated Press.
Speedway, Indianapolis, Ind., May 30.—With a record-breaking crowd of 140,000 to 160,000 spectators cheering them on to new speed records, 33 drivers, their tiny racing creations roared away at 10 o'clock today in the start of the 500 mile automobile race over the Indianapolis speedway.

Frank Lockhart, a 23-year-old Los Angeles youth, who came out of the West unknown a year ago to win the 1926 race, was a red hot favorite to repeat, with Tommy Milton, twice winner of the race, ranking as a dangerous challenger.

Milton, a veteran of the roaring race road, returned to the sport after retiring 18 months ago. He drove a car of his own build, a mysterious special, which qualified at 108 miles an hour and seemed to have plenty of speed in reserve.

Lockhart, driving a tiny white car, with No. 2 painted in black on both sides of the hood, sent his mount bouncing over the two and a half mile track at speed of 111 miles an hour.

Lockhart took the lead on the very first lap. He was ripping along nearly three-quarters of a mile ahead of Leon Duray at the end of the second lap. Harry Hartz, another Los Angeles driver, was third.

The spectators got their first gasp when a car driven by Norman Batten of Brooklyn burst into flames in full sight of the thou-

sands in the grandstand as the leaders were finishing the first 50 miles.

With smoke and blazing gasoline enveloping the speeding car, Batten heroically stuck with the machine, driving while standing up until he gamely brought it to a stop. If he had jumped, he might have been dashed to death, leaving the blazing car driverless to crash into the grandstands.

Batten was seriously burned about the hands and body. Gasoline Leak Causes Fire.

The accident was caused when the gasoline tank, located immediately in back of the driver's seat, started to leak and caught fire from the red hot exhaust pipe. The flames were extinguished when Batten brought it to the pits and the car, with the exception of the rear end, was no seriously damaged.

Lockhart knocked off the first 50 miles in the fastest time in the history of the race. The time was 23:03.32, an average of 106.93 miles an hour.

Duray was hanging on in second place, with Charles "Dutch" Bauman, a star of the dirt tracks, third.

Bauman is an Indianapolis boy. Three Other Accidents.

Before the first 100 miles were finished, there were three other accidents.

The car driven by Jules Ellingboe of Memphis smashed into the retaining wall on the north turn of the track as Ellingboe was on the 60th mile. The machine was wrecked. Ellingboe was reported to have sustained broken legs.

Dave Lewis also hit the north wall when his front axle broke. Lewis escaped injury. Hartz scraped the wall turning into the stretch but pulled into the pits under his own power.

Lockhart, his car singing a song of speed, reeled off the first 100 miles in 57:00.23, an average of 105.25 miles per hour. Bauman was second, Bob McDonough was third.

Lockhart, up to this time had earned \$4,000 in lap prize bonuses, getting \$100 for every lap he led. Driver to Be Rewarded.

The management of the Speedway decided to reward Batten with a trophy for his bravery in sticking with his blazing car until he brought it to a stop. Batten, driving standing erect, drove with first one hand then the other, until they were so badly blistered that he could no longer hold onto the wheel. Then he steered the machine with his left foot.

The veterans of the grind, Harry Hartz, Peter De Paolo, winner of the 1925 event, Benny Hill and Leon Duray, were all declared out of the race before the first 100 miles were finished.

It was the first time in years that Hartz had competed in the race that he failed to finish. He was forced to quit in the 95th mile because of engine trouble, after his car had been slightly damaged in scraping the wall on the stretch turn.

De Paolo was forced out because his super-charger developed trouble in the 77th mile.

Lockhart was still leading at 150 miles, having made the distance in 1:27.786, an average of 104.49 miles an hour. Bauman was second, McDonough third.

Driver Fatally Hurt.

H. Kohler, a garage owner of St. Charles, Ill., driving as a relief for Frank Lockhart of Elgin, Ill., was probably fatally injured when his car tangled with the machine driven by Cliff Bergere, a coast driver, on the south turn of the track, as they were hitting off their 190th mile.

Kohler was picked up for dead, but he was still alive when he was rushed to the hospital, with the physicians holding out no hope for him. His skull as fractured and he otherwise was internally injured.

Gergeros' injuries were so slight that he was able to resume the race after changing a couple of smashed wheels.

The injury to Kohler was caused when one of his tires exploded. He lost control of the machine, which skidded, upset and rolled over with him beneath it. Bergere, who was following closely, turned sharply to the right to avoid a smash-up, but his left wheels passed over the axles of Kohler's car.

Hospital reports said Kohler's skull was not fractured, but that he was very seriously, if not fatally injured.

Lockhart Traveling Fast.

Lockhart was stepping on the gas to the tune of 102 miles an hour average at 200 miles. His time was 1:55.39.22. This was six miles per hour faster speed than last year's race. Bauman was second, McDonough third.

Lockhart stopped at the pits one minute and 37 seconds at 202 1-2 miles to change rear tires and take on water and gasoline. Bauman, who had been trailing about a mile back, then stepped into the lead.

Kohler regained consciousness at 2 p. m., and physicians said he had an even chance for recovery.

By voting for a permanent good roads system next Saturday June 4th, you will not only get the roads but will be the cause of hundreds of work teams and much labor to be used in building them.

WAS YOUR CHILD PROMOTED? Then reward him with a suitable gift. We have them—City Book Store.

COMMENCEMENT AT JUNIOR HIGH FRIDAY MORNING ENDS YEAR

The sixth semi-annual commencement exercises of the Corsicana Junior High School were held in the Junior High School auditorium Friday morning at 10 o'clock. The senior class of the school numbered 79. Rev. P. Martin Baker delivered the class address and Hon. Charles H. Mills presented the Sons of the American Revolution Citizenship medal. The auditorium was crowded for the ceremonies.

Following the procession, Rev. Joseph I. Patterson, educational director of the First Methodist church, pronounced the invocation. The Junior High School orchestra under the direction of Miss Corrine McClure played the overture. The salutatory address was delivered by Miss Julia Davis, who was awarded the second highest honors in the 1927 graduating class.

The girls' glee club under the direction of Miss McClure, sang "Silver Eyes" in a very pleasing way. The valedictory was delivered by Miss Imogene Robinson, who had the highest average for the period spent in the Junior High school.

Frank Cheney played a violin solo "Polish Dance," by Edmund Severn.

Class Address.

Rev. P. Martin Baker, pastor of Third Avenue Presbyterian church, congratulated the graduates on their achievements. He likened them to a ship which has reached a port, after a number of trials of all kinds. He pointed out that there were more ports to be reached in the near future, one of them at the end of four years of high school work and another at the end of four years of college. He pointed out that after that many ports would be reached but that it was not the duty of a ship to remain in port, but its purpose should be to take on a cargo and sail on to a new port.

He termed the schooling as a refining process, with certain changes and processes that were

painful, but all of them were necessary in order that the finished product might be purified and of high quality.

He pointed out the success of several Biblical characters who had used the talent which they possessed in the right way and had done great things. He urged the members of the class to use all of their talents in the right way constantly, assuring them of a real success in life.

Diplomas Presented.

W. P. McCammon, president of the Board of Education for the city of Corsicana, presented the diplomas to the graduates. Following the presentation of diplomas, Prof. O. F. Allen, principal of the Junior High school presented a number of writing certificates.

Major Charles H. Mills, was then introduced to present the Citizenship Medal of the Sons of the American Revolution. Before making the presentation speech, Mr. Mills expressed the sympathy of the students and citizens for Superintendent H. D. Miller in the loss of his mother.

Mr. Mills outlined the purposes behind the giving of the medals to students in the grammar schools over the country. He paid a high tribute to Capt. Charles Lindbergh as an example of American citizenship.

He pointed out that the four main essentials for good citizenship were dependability, co-operation, leadership and patriotism. He then presented the medal to Miss Louise Harper, daughter of Mr. and Mrs. J. A. Harper, and a member of the graduating class of the Junior High school.

The benediction was pronounced by Rev. Patterson.

Following is a list of the graduates: Boys—Brooks Allen, Billy Binford, Eugene Briscoe, Charlton Browning, Truett Crim, Frank Cheney, Basil Cox, Joe Earl Davis, Ferrell Douglas, Sidney Dalton, Edward Flaherty, Preston Foster, Finkston Galloway, J. C. Foster, Vivian Griffith, Paul Hall, Carroll Hardin, Carlton Harris, Nell Harris, Frederick Hightower, James Hugg, Duval Hendrick, Thomas McPherson, Eugene Nutt, Newell Noles, Paul Patton, Clifton Pickering, Ruben Red, Clyde Reese, Earl Robertson, Allen Steele, Ira Tarbutton, Robert Taylor, Miles Washburn and Barmon Wineburg.

Girls—Ona Fay Beasley, Katherine Bowen, Elizabeth Blunt, Marie Brennan, Margaret Bryan, Virginia

NOTE HANDED TO REPRESENTATIVE OF SOVIETS IN LONDON

By Associated Press. London, May 27.—Premier Baldwin made the emphatic declaration today that the breaking of diplomatic relations with Moscow "does not mean or imply war against Russia."

Addressing a mass meeting of women in Albert Hall, the Premier said: "Our rupture of diplomatic relations does not mean or imply war against Russia. It means what it appears to mean—that we do not intend to have any further political dealings with Moscow, but we are wholly in favor of the pursuit of legitimate trade between the two countries."

The Premier said he welcomed the opportunity of repeating that the step taken by the government was "solely because we found that their (the Soviet's) interference in our domestic affairs was intolerable and because we found that in every part of the world their agents invariably engaged in hostile or unfriendly proceedings against us."

"Our decision was not the result of a deep laid plot to get up a world combination against Russia."

By Associated Press. London, May 27.—A note severing relations between the Soviet and British governments was delivered at Chesham House, the Soviet Legation, today. The note requested the official Soviet representative to leave, and specifies

Burns, Minnie Jim Christian, Gladys Cox, Maxine Cummings, Julia Davis, Elizabeth Elliott, Genevieve Fagin, Elaine Gore, Louise Gray, Bonnie Greer, Helen Griffith, Pearl Gross, Louise Harper, Ruth Harwell, Margaret Henry, Lola Fay Lake, Margerite Landford, Mary Flora Mason, Lorene Moore, Bernice Moore, Clara Montgomery, Marie McAfee, Lillian McClure, Natalie McElmury, Mary McNeil, Dorothy McNutt, Eleanor Patterson, Lela Ruth Renfro, Reta Rogers, Imogene Robinson, Stella Fae Roth, Jeanne Sumner, Annie Myra Smith, Virginia Sanderson, Lillian Sprawl, Ona Smith, Mary Williams, Elsie Williams, Earnestine Young.

who of the others will be allowed to remain to wind up the affairs of Arcos, Ltd., the Russian trading organization.

The British diplomatic mission in Moscow will be recalled immediately. It is not yet decided who will look after the British interests in Moscow. The note, which makes about 700 words, will be given out by publication late tonight. It is understood to allow from a week to ten days for the Soviet representative to leave England.

The note was sent to Chesham House by special messenger and delivered personally to M. Rosenholz, the Soviet charge d'affaires. Simultaneously with its delivery several trunks belonging to employees of Chesham House were loaded into taxicabs and started for the railway station.

Report Mobilization Of Soviet Troops

By Associated Press. Tokyo, May 27.—Despatches from Harbin to the vernacular newspapers say the Soviet military commissar has ordered the mobilization of troops along the far Eastern frontiers, which is interpreted in some Soviet quarters as a preliminary to Anglo-Soviet hostilities.

The British Consul at Harbin is quoted as saying the operation "can mean little more than a threat and is not serious."

Moscow Believes War to Follow

By Associated Press. Moscow, May 27.—The conviction obtaining in all Soviet political circles and widely disseminated through the press is that Great Britain is embarked upon a war of intervention, of which severance of relations with the Soviet Union is the first gun.

The next step is expected to be the papers say, an effort towards a financial and economic blockade calculated to weaken the Soviet Union to such an extent that it can be attacked with impunity. Izvestia, organ of the federal central conservative committee of the Soviets, declares England's hope of inciting other nations against Russia can only end in disaster for England and her allies, since the Soviet diplomatic break between Great Britain and the Soviet.

ITALIAN DICTATOR EXPECTS TO REMAIN PREMIER FOR YEARS

By Associated Press. Rome, May 27.—Benito Mussolini who five years ago began his task, under the Fascist banner, of creating a new Italy, is convinced that he will have to remain at the head of the government ten or fifteen years more.

He is even ready to retain the premiership for a longer period if necessary to achieve the ideal Fascist state. "Not because I am lustful for power but because it is my precise duty," he explained.

Applause greeted these words in the Chamber of Deputies yesterday, and when he was able to make himself heard again, he added: "My successor is not born yet."

"Today, May 26," the Premier exclaimed with a gesture, "we bury solemnly all the lies of universal democratic suffrage."

To Revolutionize State Machine. He explained that the state machine would be revolutionized, because

the repressive program was being prepared, has gained a strength which today enables her to defy her enemies.

Pravda, organ of the Central executive committee of the communist party, terms sanction of the break of relations by the British House of Commons as "the last act in the series of provocative acts."

"At a time when the English masses are being sufficed with white papers and all sorts of criminal detective tales," it adds, "England stands revealed as the most dangerous enemy of European peace."

Communist Activities Dangerous.

By Associated Press. Paris, May 27.—Minister of the Interior Albert Sarraut told the Chamber of Deputies today that the activity of the Communists, both in France and abroad, constituted a grave danger to the national interests.

Germany to Aid Soviets. By Associated Press. Berlin, May 27.—The German government has agreed to take charge of Soviet Russia's interests in London following the diplomatic break between Great Britain and the Soviet.

YOUNG WOMAN AND YOUTH DROWNED IN DALLAS WATERS

By Associated Press. Dallas, May 27.—Miss Hallie Gaston, 19-year-old school teacher from Palacios, and Lawrence Jones, 14, son of T. W. Jones, were drowned in different parts of Dallas at about the same hour last night.

The body of the "school" teacher was recovered early this morning at White Rock lake where she met death when waves caused a motor boat to sink.

Jones drowned in the municipal pool at Fair Park while he was attempting to teach Rufus Kirk, aged 9, to swim in the nine foot depth of the pool.

Miss Gaston had just arrived in Dallas from Palacios to visit her sister and brother.

Her parents are Mr. and Mrs. J. G. Gaston of Cooper.

School Boy Drowns At Mineral Wells

By Associated Press. Mineral Wells, Texas, May 27.—On the eve of his graduation from ward school, Clarence Garland, 12-year-old son of Mr. and Mrs. William Garland, drowned in Lake Mineral Wells here last night. He fell from a log into 15 feet of water. Divers located the body after two hours' search. The boy was to receive his diploma today.

Three Drowned in Missouri.

By Associated Press. Kansas City, May 27.—Captain Edgar L. Fermonth and his wife and child were drowned early today when a government tow boat capsized in the Missouri river near "warped" there would be no thought of amnesty for these offenders until 1932.

It will be too late to get good roads after next Saturday. Better vote for them while everybody will be happy and satisfied.

GENERAL CABULLA ALLEGED TO HAVE BEEN INTOXICATED

By Associated Press. Chinandega, Nicaragua, May 27.—Captain William P. Richards of the United States Marine corps shot and killed the Liberal General Cabulla here early this morning, allegedly in self-defense.

General Cabulla is declared to have been intoxicated and firing with a revolver at people in the street when Captain Richards returned the fire, killing him.

Managua dispatches on May 11 said that a band of former troops under General Cabulla, who called himself a Liberal, but who was described by the Liberals as a bandit, had entered the outskirts of Chinandega, killing a half dozen natives, wounding a number of others and engaging in an orgy of plundering. They fled before the arrival of American Marines, a detachment of whom was concentrated near the railway.

Dispatches three days later said Cabulla, with 100 men, was still holding out near Chinandega. On May 16 it was reported that Cabulla intended going to Managua to confer with the Liberal General Moncada with regard to dismissing his forces, under the agreement between General Moncada and Henry L. Stimson, who recently visited Nicaragua as the personal representative of President Coolidge.

Vote for good roads Saturday, June 4, and help your county develop.

Negro Hanged For Assaulting Woman

By Associated Press. Georgetown, Del., May 27.—Carl Skinner, negro, convicted of criminally assaulting Mrs. Julia A. Bennett, an eighty-five-year old crippled white woman, near Bridgeville, on the night of April 4, was hanged here today.

Vote, Vote, Vote, all of you, on next Saturday, June 4th, and everybody will be happy and satisfied.

BACCALAURATE SERMON DELIVERED DR. F. P. CULVER

**GRADUATION EXERCISES
WILL BE HELD FRIDAY
BY I. O. O. F.**

Commencement week was inaugurated at the Odd Fellows Home Sunday morning and the exercises will continue during the coming week. Dr. F. P. Culver, pastor of the First Methodist Church, delivered the baccalaureate sermon. There will be nine graduates from the Odd Fellows Home this year, eight girls and one boy, as follows:

Ben Ha Brown, Vertie Campbell, Elsie Dunnell, Winnie Edelman, Lee Hodges, Evelyn Knight, Bertha Rogers, Goldie Whitaker, and Clyde White.

Dr. Culver took as a text James 4:14—"For What is Life?" and said in part:

"Raising the question of what is life, what do we know about the subject? Life is the gift of God. We should be thankful for the privilege of living, for the individual personalities which He has given us."

Gift With a Purpose.

"God gave us this gift with a purpose. It was not given to be squandered and wasted but to be used zealously and carefully invested so that it would give the greatest return. It has great possibilities of increase. It was given us to be used as a blessing and as something helpful to the world."

"Life is what we make it. It is not what others make it for us, although we feel the thousands of influences that affect it daily, but we are responsible for the calibre of our lives. We can make life a success or a failure, a life of good or a life of evil."

Many Discouragements

"But we ask what of the many discouragements and hardships that are mingled in our lives. We should stop and remember that thousands have had much harder tasks to face than those confronting us today. We are always prone to make excuses for our lives and try to find fault with the opportunities and trials that we have, but still the fact remains that we ourselves are responsible and are to blame if our lives are not all that they should be. We say that so many things are impossible. All things are possible until they have been done, and then they are within the reach of all men. We should attempt the impossible."

"How may we make our lives great? First, by thinking pure and great thoughts. Not great thoughts in the sense of great philosophies, but thoughts that will enable us to think of our duty to God and thoughts of the relationships of one to another are thoughts that are truly great."

"The second way to make our lives great is to do great deeds. It is not necessary to make some great discovery in the field of science, or make a new philosophy to do a great deed. An act of kindness done in the right spirit is a great deed, for after all the greatest thing on earth is man. Good deeds for our fellow men are the greatest deeds that we can do."

Great Men Are God Men

"No life can be great unless it is good. The great men of history are good men; we do not find great men who were thieves, or murderers. When we seek great men we find great men as well. The largest part of us is molded toward goodness, and we should strive for greatness through goodness."

"But why raise the questions of life at this commencement? We are but young now. We speak of these things now because maturity comes to soon and then it is too late to make changes in our lives. We must speak of these things today for, out of today springs tomorrow. Every day is inter-related with all of our days, and our lives now or at any future time."

LOCAL MEAT MAN OPPOSING BILL IN EXTRA SESSION

**WOULD CAUSE BONDING OF
LOCAL KILLERS AND INSPECTION OF MEAT**

A telegram was sent H. E. Wassel, florist representative from Navarro and Hill counties, by J. P. Bass and a number of local butchers and meat-dealers opposing the bill now in the House sponsored by Roscoe Range of Mason and B. F. Foster of Del Rio, which provides for inspection of all home-killed meats and all men engaged in such enterprises being put under bond.

Mr. Bass stated that thirty-one butchers and dealers in home-killed meats in and around Corsicana were opposed to the measure and believed that if the measure passed it would be a death blow to the home-killed meat industry.

The bill provides for the butchers to report to the County Commissioners; and each animal killed must be inspected by some officer, and a legal bill of sale accompany each animal with a description of the animal and proof of ownership. The names of men killing animals for sale to the public must be filed with County Clerk before engaging in the business. The slaughterers will also be put under bond of not less than \$500 or more than \$3500.

MRS. LAURA BATES DIED SUNDAY AND BURIED MONDAY

Mrs. Laura A. Bates, aged 74 years, died in the Hamilton community Sunday afternoon and the funeral services were held Monday afternoon at 3 o'clock with interment in the Hamilton cemetery.

One son, one daughter and other relatives survive.

ture time will be the consummation of all our days.

Tuesday evening at 9 o'clock, a kindergarten program will be given to which the public is invited.

On Wednesday evening the Fine Arts students will present "Miss Cherry Blossom" a Gilbert and Sullivan comic opera. This is the first time that the students at the Home have staged such a production and the cast includes a chorus of forty voices.

On Thursday evening the Senior class will present its annual class play, and on Friday evening the final commencement exercises will be held, with the presentation of diplomas.

SECRETARY OF WAR PLEASED AT MANY PORT IMPROVEMENTS

Special to the Sun
Corpus Christi, Texas, May 30.—Following an inspection of the \$5,000,000 Federal deep water port of Corpus Christi the 21-mile long ship channel, breakwaters, docks and transfer sheds, Dwight P. Davis, Secretary of War, declared that Corpus Christi was on the verge of a great era of growth and prosperity and was destined to become one of the most important shipping centers of the South.

Roy Miller, Active Vice President of the Inter-Coastal Canal, stated that Secretary Davis was pleased with the growth of Port Corpus Christi and that he considered the handling of approximately 150,000 tons of cargo a record achievement for the brief space of time the Port of Corpus Christi had been in operation.

Following the inspection of the port, the visitors were taken for a drive around the city. They were shown a portion of the \$1,225,000 building program now in progress which includes up-to-date cotton compresses that will handle thousands of bales of Gulf Coast cotton during the coming season.

Members of the party accompanying Secretary Davis were T. B. Davidson, assistant to the secretary, Brig. Gen. James E. Fechet, assistant chief of the air service, Judge Duval West who is a United States Judge in San Antonio. They also displayed active interest in the port of Corpus Christi and its development.

Steaming into Corpus Christi from Port Aransas on an Engineering Department tug, the visitors were met at the docks by Roy Miller, representative of the Navigation Commission, J. L. Boyd, Port Director, Steele Campbell, manager of a shipping company, S. Master Nixon, Vice-President of the Chamber of Commerce, Ralph Bradford, Chamber of Commerce manager, A. R. Ponder, representing the Missouri Pacific Lines and W. J. Smith, a member of the Corpus Christi city council.

Following his thorough tour of inspection, Secretary Davis departed from Corpus Christi enroute to the flood stricken area of Louisiana where he will make a complete survey of the conditions existing there.

CORSICANA WOMAN WINNER OF PRIZE SOLVING PUZZLE

Mrs. A. E. McAlester, 816 East Tenth Avenue, is the winner of the \$20.00 in gold offered by the Daily Sun in connection with the offer made in the page advertisement inserted in the Daily Sun Wednesday May 18th.

The prize was in connection with the page advertisement entitled "A Munificent Gift," participated in by local merchants and the winner was based on the solution of a puzzle in this advertisement and the award was made on the following basis: For the nearest and most artistically correct solution to the puzzle in the story, the correct answer was "Never-the-less."

While there were many answers to the puzzle and while others sent in the correct word, the prize was awarded to Mrs. McAlester on the basis that she more fully complied with the ruling in the matter of answering the puzzle.

Following is her answer to the puzzle: I read a story in the Daily Sun. Of Paul and Virginia. Isn't it fun To follow them wherever they go? They came to Corsicana from Toronto.

They have an uncle who seems like a prince. The story sounds like a tale. With such an uncle to urge success, Surely they will not fail.

I read the story through and through; And there I found a puzzle, too. The puzzle tells us to bear in mind The more we discover the less we will find.

So when I found nothing, hope ran high. Surely the answer was somewhere nigh. I've studied and studied and now I'll guess.

The correct answer is "Never-the-less."

The Gift

Nash McLarty Motor Company

Distributors

DALLAS, TEXAS

Announcing

Corsicana Nash Company

Nash Dealers

It is a genuine privilege and pleasure to announce that the Corsicana Nash Company has assumed Nash representation in Corsicana.

We feel that Nash McLarty Motor Company, distributors, and Nash owners in this section are fortunate in having the Nash franchise entrusted to a concern of such unusual ability and excellent reputation.

HAMMETT'S GARAGE
and Service Station

The new Nash home at _____ is amply provided with modern and efficient service equipment, and owners in this section are assured of a high standard of car maintenance.

You are cordially invited to visit these headquarters to view the full display of new ADVANCED SIX, SPECIAL SIX, and LIGHT SIX MODELS.

The introduction of the new Nash models, including the *Ambassador*, the *Cavalier*, and the *Special* Sedans, marks the greatest change in motor car style since the inception of the industry. Their brilliantly original body design, with its rich artistry, is certain to win your immediate admiration.

These beautiful cars, as well as all other Nash models, possess the further superiority of being powered with the great Nash 7-bearing crankshaft motor—the world's smoothest type.

The Nash price range on twenty-six different models extends from \$865 to \$2090, f.o.b. factory

ALUMNI ENTERTAINS FOR GRADUATES HIGH SCHOOL FOR 1927

The annual business meeting and reception of members was held by the Alumni Association of the Corsicana High School in the cafeteria of the high school Thursday evening, with a large number of representatives of preceding classes present. Mrs. W. Kirke Steele, class of 1912, retiring president, presided at the meeting.

The minutes of the 1926 meeting were read by Mrs. R. B. Mitchell, secretary, and approved as read. Mrs. Steele then made the financial report of the year. The sum of \$50 was reported in the treasury toward the erecting of bronze tablets on the school grounds in memory of the members of the Alumni Association who participated in the World War.

Following the reading of the treasurer's report a motion was made and passed setting aside 25c out of the annual dues of \$1.00 for the memorial fund.

The report of the nominating committee was read and the following officers were elected for the ensuing year: President, Mrs. Frank W. Micheaux; first vice president, Mrs. W. Redden; second vice president, Miss Felicia Holloway; third vice president, Judge Hawkins Scarborough; fourth vice president, Mrs. Allison Gordon; secretary, Miss Jessie Mae Hilliard; treasurer, Gabriel Goldberg.

Executive Board—Mrs. Knox, chairman; Miss Dorothy Drake, Mrs. Ben Boltz, Mrs. A. P. Simpson, E. E. Metcalf, Lowry Martin, Mrs. Ewing Edens, Miss Augusta Helm, Mrs. H. E. Tuttle, Miss Ruth Goldsmith, Mrs. L. C. Polk and Robert Cooksey.

Program Committee—Miss Sarah Holman, chairman; Beauford Jester, Miss May Fountain, Miss Louise Blackshear, Miss Pauline Munsey, Miss Ethel Harrison, W. P. McComman.

Nominating Committee—Mrs. W. Kirke Steele, chairman; Mrs. Alleen Cheney, Mrs. Estelle Skelton, Walter R. Love, Mrs. R. B. Mitchell, Mrs. Lynne Wortham.

After the election of officers, Paul Miller made the address of welcome to the new members; the response was delivered by Joe Kelton Wells.

The new members were then administered a dose of "pep" under the supervision of Miss Ruth Matthews, consisting of several drops of essence of peppermint. The various qualities and needs of pep were pointed out before the pep was administered.

Miss Louise Barth played several violin numbers, accompanied by Miss Georgia Ruth Pollock. Miss Maibelle Kidd gave a humorous reading that was well received. Miss Louise Parker led the group singing.

Following the singing of "Auld Lang Syne," the association went into a social session, and refreshments were served.

Among those who were present and their class were:

1886—El J. Gibson.
1893—Mrs. C. T. Banister.
1897—C. T. Banister.
1900—W. P. McComman, Mrs. Frank Micheaux and Mrs. C. W. Hedden.

1903—Mrs. R. N. Holloway.
1904—Mrs. Mabel C. Bomar.
Mrs. Myra Vaughn Gordon, C. A. Gordon.

1908—Mrs. R. B. Mitchell and Mrs. Estelle Skelton.
1909—Mrs. Cecil Story Dockery.
1910—Mrs. Ellen Seward, Ben F. Blackmon.

1912—Mrs. Katherine Stout Wright, Mrs. Kirke Steele, Mrs. A. P. Simpson.
1913—Chris J. Knox, Miss Alleen Cheney, Mrs. Modena Miller Love.

1914—Mrs. Ben F. Blackmon.

HUMBLE PIPELINERS BEAT PRODUCTION IN BALL GAME FRIDAY

One of the most interesting features of the Humble day celebration held by the Corsicana Division of the Humble Pipe Line was the baseball game at the Municipal Park between the Production and Pipeline departments, which the Pipeliners won 7-6, posing the Producers on by chasing across four runs in the fifth inning. About a thousand fans witnessed the tilt between the company units.

Although the Pipeliners secured ten hits off the delivery of B. McDougle, the Pipeline hurler was tight in the pinches and struck eleven of the Producers out during the seven inning game. He registered two strikeouts in the first, second, fourth and sixth innings. The Producers had difficulty in finding the plate at times, issuing four walks to McDougle's one during the game.

The Producers were credited with all of the extra base hits of the contest, McKinley driving out a double in the second; Munsey a triple in the first; and Pankhurst parked one over the left field wall in the third with one man ahead. The Pipeliners combined timely hitting with their opponents errors to win the game.

Two new men were broken in to the game on Friday. George Martin and O. B. Oblitron were introduced to call the game. Martin officiated on balls and strikes, while Oblitron cared for the bases, suffering the chagrin of having to reverse his decision twice.

Hudson, left fielder for the Pipeliners was the hitting leader of the day with a brace of singles out of three trips to the plate. Pankhurst, Munsey and R. McDougle each secured two hits in four times at bat.

The Producers started a rally in the first of the seventh, and scored one run but the rally was cut short by the fast fielding of the Pipeliners.

APPRECIATION TO BE SHOWN FORMER MAYOR J. S. EUBANK

The Corsicana Chamber of Commerce, appreciating the great worth that Ex-Mayor J. S. Eubank has been to the city as a former mayor, thought it opportune to give a farewell dinner in honor of his moving from the city to his future home in Sherman.

President Sydney Marks of the Chamber of Commerce appointed a committee to take the matter in charge composed of Mayor John S. Murchison, Lowry Martin, Chas. G. Jester, Pat Brown, Wilbur Wright. At 10 o'clock this morning this committee met to discuss plans for the dinner and worked out definite details for the event. The affair will be known as the Eubank Appreciative Dinner which will be given at the Navarro Hotel at 7:30 o'clock on the evening of June 9th.

The event will be democratic and anyone desiring to attend can purchase a ticket at the Chamber of Commerce at one dollar a plate. President Marks appointed J. S. Murchison and Lowry Martin to look after the program for the occasion, with Chas. G. Jester and Pat Brown to have charge of the preparation of the dinner and the sale of the tickets.

The program for the dinner will be presided over by President Marks who after a few brief remarks will turn the meeting over to Mayor J. S. Murchison who will be toastmaster. Following dinner there will be brief addresses made as follows: Eubank, "The Mayor" by Ex-Mayor J. L. Halbert; Eubank, "The Citizen" by Rev. F. J. Culver; Eubank, "The Good Fellow" by John Calhoun.

There will also be a short musical program. The entire city of Corsicana regrets very much in losing former Mayor J. S. Eubank and his popular and attractive family, and such a farewell to Mr. Eubank as has been planned is most deserved. Other particulars about the Eubank Appreciative Dinner will be announced within a few days.

Redeem your county from the mud by voting for good roads next Saturday, June 4th.

CORSICANA BUSINESS MEN CELEBRATE TWO IMPORTANT EVENTS

Jackson Bros. Dodge automobile dealers, having the counties of Navarro, Limestone, Freestone, Anderson and Henderson in this immediate section of the State, celebrated a double event in the history of Corsicana and Dodge Bros. Thursday evening, when they observed the two anniversary of their association with Dodge Bros. as agents for their products, and at the same time demonstrated a new Senior Six automobile, the first six made by Dodge Bros. who have heretofore built only fours.

The celebration was marked by the gathering in Corsicana of all associate dealers and several bankers and salesmen in the cities where agencies are maintained by Jackson Bros. There were present also the Texas district representative of Dodge Bros. and a representative of the Graham Bros. trucks and President Carmen of the Pure Oil Company, with headquarters in Mexico, as well as a number of others not directly connected with the sale of Dodge cars and of Jackson Bros.

Representative men from Corsicana, Mexico, Palestine, Fairfield, Athens and Dallas were present at the handsome home of Jackson Bros. at the corner of Main street and Fourth avenue at 7:30 o'clock and from there went to the Navarro Hotel, where a sumptuous dinner was served to some thirty local and visiting men at a long table which was decorated with great bowls of sweet peas, immaculate linen and silver, upon which was served a most appetizing meal that put every man present in a receptive frame of mind for the reception of the new model car on display. R. J. Jackson acted as master of ceremonies or toastmaster while the other member of the firm, S. J. Jackson, occupied the seat at the other end of the table.

After the last course had been served Mr. Jackson arose and after welcoming all present and felicitating them upon their past accomplishments, gave a short history of Jackson Bros. organization and the part played by the late Mr. Jackson in the new model car on display. R. J. Jackson acted as master of ceremonies or toastmaster while the other member of the firm, S. J. Jackson, occupied the seat at the other end of the table.

WHEN IS FIRST BALE NOT FIRST BALE OF COTTON

By Associated Press. Brownsville, Texas, May 28.—The bale of cotton ginned at San Juan Friday will not be sold as the first bale of the 1927 season, H. P. Boyd, manager of the Valley Gin Company announced last night.

It was ginned from volunteer cotton, not the new crop, and under the rules cannot be accepted as the first bale. Mr. Boyd announced it merely as the first bale from cotton planted this season will probably be ginned the first of the week.

ANNIVERSARY OF SAILING AMERICAN STAFF FOR FRANCE

By Associated Press. Washington, May 28.—Ten years ago today some 200 men clothed as civilians but distinguished by an ineffable military bearing, began a memorable movement out of New York City.

They constituted the general staff of the American Expeditionary force, with its retinue of assistants and clerks. They formed the spearhead of an American army of nearly 3,000,000 men, which was to enter in the heat of battle in France and at their head was General John J. Pershing.

Supposedly secure secrecy guarded the departure of the group. By tug boat and ferry and by various routes they converged upon Governor's Island. A dark morning and wind blown rain seemed to add their cloaks of obscurity to the movement but members of the party recalled today how two important steps were sought the whole machinery of secrecy.

Somebody Made Error. Baggage of some of the officers was piled at a pier end, waiting a tug. It resembled any other casual luggage until suddenly there arrived several pieces boldly stenciled with the name of a high ranking officer and the information "General Pershing's headquarters, American Expeditionary Forces, France."

The secret was definitely out a few moments later when a young officer arrived in uniform in violation of the injunction to wear civilian garb.

The fact of the staff's departure was not published by American newspapers, but the War Department, fearing a repetition of the sinking of Lord Kitchener's ship in the Irish Sea, explained the situation to Pershing by wireless, suggesting a change of ships at Halifax but leaving the matter to his own judgment.

Pershing's judgment was to continue on, stopping at Halifax only long enough to pick up a British naval escort.

The ship that carried the Pershing staff to France was the Baltic, which has given its name to the Baltic Society, founded by members of the party. Its membership roll disregards rank, being arranged alphabetically with Pershing at the top of the list. At its top is Captain George E. Adamson, secretary to Pershing then and now.

LINDBERGH NOT TO ENTER CONTEST FOR HONOLULU FLIGHT

By Associated Press. Paris, May 27.—An extended air voyage is not on the immediate program of Captain Lindbergh. He remarked that he was not personally interested in long distance flights and would not be for at least a year, when his attention was called to the proposed competition for a prize of \$25,000 for the first flight between the United States and Honolulu.

His next flight will be a comparatively short one—from Paris to Brussels—tomorrow, and advice from the Belgian capital leave no doubt that another rousing reception awaits him there. As soon as he lands he will be presented to King Albert, Queen Elizabeth and other members of the Royal family.

Knowing how eager the crowds will be to welcome the visiting aviator, the Belgian authorities have designated a large force of gendarmes and riflemen to keep a space clear on the landing field, where a special section has been reserved for the American colony.

He expects to fly to London from Brussels Sunday and he is assured of another great reception. The plans, as learned here, call for a meeting with King George, and function at the British Aero Club and various American organizations.

All the forced attentions heaped upon the flier have made it impossible for him to see as much of the historic and interesting places as he would like, therefore he has made up his mind that he will have to return to Europe at some future time when he can go about as an ordinary citizen.

You Can Get It In Corsicana

MORE PEOPLE QUIT HOMES AS FLOODING OF LAND CONTINUES

By Associated Press. New Orleans, May 28.—One hundred and fourteen persons have lost their lives thus far in the Mississippi flood, the American Red Cross reported today.

The report, made by Henry M. Baker, director of disaster relief, to James L. Plesier, vice chairman of the organization in charge of operations, and to Secretary Hoover, included no reports or rumors of death, but only those verified by the organization.

The largest number of flood deaths occurred in Arkansas, where 59 died. Mississippi came next with 42, Louisiana 9, Illinois 2, Tennessee 2. None was reported in Kentucky and Missouri. The report said some of the dead had not been identified.

By Associated Press. New Orleans, May 28.—Many men along the river today were preparing for what was believed to be the last great battle of the flood area as the waters of the Atchafalaya and the Tensas basin moved down on New Iberia and Morgan City. Already these cities of 6,000 and 5,000 population respectively, partially have been inundated, and with the water rising an inch an hour it was believed that both would be totally under water by tonight or tomorrow.

Morgan City, about 100 miles west of New Orleans, is at the mouth of the Atchafalaya where the mass of water are sweeping relentlessly down the narrow Atchafalaya to empty into the Gulf of Mexico. A few miles above Morgan City the Atchafalaya empties into Grand Lake, and residents of the lake region have been forced to flee their homes as the flood waters swept the shores of the lake.

The river then flows out of the lake again to run for about 15 miles through before it pours its muddy waters into the gulf.

The crest of the flood in the Atchafalaya basin was believed to be in the section many miles up the river from Morgan City and still above Lafayette, where the largest refugee camp of the section is located.

But the first fight with the force of the river already has been fought out at its mouth and waters have been victorious. The flood probably will last several weeks more before the crest passes into the sea.

A statement from the Red Cross headquarters here said that more than 2,500 refugees were expected to be taken care of out of New Iberia alone. Yesterday officials estimated that only about ten percent of the population driven from their homes found their way to the refugee camps. The others, they said, were camped in private homes.

Forces were being massed today for the evacuation of those left at Morgan City. Two light draft steamers with eight barges were chartered at New Orleans, and started through the Harvey canal for the mouth of the Atchafalaya.

The waters from the McCrea crevasse, 130 miles northwest of New Orleans on the opposite side of the river, were spreading more slowly. Several cross roads towns were inundated completely or partially and Baton Rouge reported that a few persons had been forced to spend the night on the levees waiting for boats to take them to refuge camps.

UNKNOWN PERSON ATTACKED FAMILY WITH MEAT CLEAVER

By Associated Press. Tampa, Fla., May 27.—Buddy Merrell, aged 3 years, was killed and five members of his family injured so seriously they were not expected to live, by an unidentified person who entered their home some time during the night and attacked them with a meat cleaver.

Those injured were: Herman Merrell, 43, carpenter, father of the dead boy; Mrs. Herman Merrell, 35; Ralph, 11; Mildred, 5, and a three-month-old baby. Three other members of the family escaped.

Hugh Merrell, 8 year old, discovered the crime this morning when he awoke to find his father beside the bed. He rushed from the house and met Kenneth in the yard. They found a policeman and told their story. Buddy died at a hospital where all the victims were taken.

MEMBER HIGHWAY COMMISSION HERE THURSDAY NIGHT

Come Johnson, member of the State Highway Commission, who was scheduled to have spoken here Thursday afternoon at the good roads meeting at the Navarro county courthouse, arrived in Corsicana Thursday night, J. L. Halbert, chairman of the good roads committee, announced Friday afternoon. Mr. Johnson had mistaken the time for the meeting here and was under the impression that the meeting would be held at night.

Mr. Johnson motored back to Waco Thursday night and returned to Austin Friday morning.

"Corsicana Has It."

MINE FOREMAN IS HELD RESPONSIBLE FOR SAVING LIVES

By Associated Press. Delmar, Colo., May 28.—One hundred and thirty-four coal miners today owed their lives to the quick thinking of a foreman in mine 3 of the Victory-American Fuel Company near here, where an explosion shortly after noon yesterday caused the death of six workers.

But for Foreman Tom Strothers, the death toll would undoubtedly have been great. At the first loud blast, Strothers ordered the miners to remain where they were, in the runways.

Four men who failed to obey his command were asphyxiated by carbon monoxide gas. The other two were killed outright.

When Strothers gave the word to move, Dan Woods, aged assistant foreman, led the miners out of the workings to safety.

Court House News. District Court. The case of the State of Texas vs. Ben Widener, charged by indictment with the violation of the prohibition laws, which was started Thursday afternoon, was completed Friday. The testimony was concluded Friday morning. The jury returned a verdict of guilty and assessed the punishment at two years in the penitentiary.

Leonard Elkins plead guilty to an indictment for alleged violation of the prohibition laws Friday afternoon and was given one year in the penitentiary. He was sentenced by Judge Scarborough, who released the defendant on his own recognizance until next Wednesday in order that he might attend to business prior to going to the penitentiary.

Sheriff's Office. F. R. Coats was arrested in Dallas Thursday and brought to the Navarro county jail by Deputy Sheriff V. McMurray on a grand jury indictment for the alleged violation of the prohibition laws. Friday morning the accused man was still in jail.

HOUSTON MAN ELECTED HEAD TEXAS FEDERATION OF LABOR AND SAN ANTONIO GETS MEET

By Associated Press. Wichita Falls, Texas, May 27.—Amid the singing of "Till We Meet Again" by more than 200 representatives of Texas Organized Labor movement, the curtain dropped on the 1927 convention of the Texas Federation of Labor here shortly after noon today.

"The most harmonious convention in the history of Texas Labor" was the description applied to the thirtieth annual meeting by the newly elected president, Geo. Wilson, Hoboken, in an address after he had received the gavel from the hands of the retiring executive, Herman Kachel, Denison.

Herman Kachel, Denison, retiring president, said the present convention was one of the quietest and most harmonious in Texas labor circles which he had known for many years. He asserted that it reflected the generally prosperous and peaceful situation which exists throughout the state.

By Associated Press. Wichita Falls, May 27.—Installation of officers, action on a flock of resolutions, which failed to reach the convention floor Thursday afternoon, was completed Friday morning. The jury returned a verdict of guilty and assessed the punishment at two years in the penitentiary.

Leonard Elkins plead guilty to an indictment for alleged violation of the prohibition laws Friday afternoon and was given one year in the penitentiary. He was sentenced by Judge Scarborough, who released the defendant on his own recognizance until next Wednesday in order that he might attend to business prior to going to the penitentiary.

"Corsicana Has It."

day, reports of numerous committees and final adjournments constituted the business confronting the Thirtieth annual convention of the Texas State Federation of Labor here today.

The result of Thursday's election at which George A. Wilson, Houston, vice-president of the Federation during the past year, was elected president, and San Antonio chosen for the 1928 convention city in a close race with Tyler, were re-checked and reported to the convention by the election judges this morning.
